

MAN KIDNAPED IN OIL STRIKE AREA, OPERATORS CLAIM

Union Men Ridicule Charge, Avenged by Wife, They Assert.

BY ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE
SAN FRANCISCO, Oct. 7.—Ruben Bate, employed by the Pacific Oil Company in Kern county, was kidnaped at night recently by armed men, said a statement issued here last night by the Oil Producers' Association of California. Bate was taken about 60 miles from Bakersfield, where he was tried and ordered to keep out of the oil fields, the statement continued.

Bate, the statement said, returned to work and a few nights later was again sought by armed men who fled upon the arrival of deputy sheriffs. Reports have reached the association, the statement added, to the effect that all men on the Pacific Oil properties in the Elk Hills district who continued to work despite the strike of oil workers had been threatened if they did not quit their jobs.

Doctor Testifies At Mrs Southard's Trial

TWIN FALLS, Ida., Oct. 7.—Opening its line of evidence designed to establish its claim that Edward F. Meyer, for whose murder his wife, Mrs. Lydia Southard, is on trial, died of arsenical poisoning, the State today offered the testimony of Dr. Hal G. Biehler, pathologist at the Twin Falls county hospital.

It was Dr. Biehler who made the fatal test of a sample of Meyer's blood and who claimed to have found typhoid bacilli in Meyer's gall bladder following death. Upon report from Dr. Biehler that the fatal test showed positive reaction, thus indicating typhoid, and his report after the death of the patient that he found colon bacilli in the gall bladder, Biehler issued a death certificate that Meyer had died of typhoid.

DOG RESCUES CHILD

HULL, Eng., Oct. 8.—While watching the ill-fated dirigible ZR-2 make its disastrous flight, Mildred Turner fell into a deep water drain. She was drowning when a neighbor's dog dragged her out.

story of the kidnaping of a west side oil field worker was received with hilarity at union headquarters here. Union men said the man wanted to keep working while the wife, an ardent union supporter, wanted him to quit. When he refused they said the wife got a group of young men to carry him away after the union had declined to intervene. He came back, and she had him "kidnaped" again they said.

'OLD GUARD' IN SENATE WOULD WAR ON 'BLOC'

Kenyon Calls Meeting of the Solons From Farming Districts to Fight Move.

WASHINGTON, Oct. 7.—A skillfully planned movement to break the famous Senate agricultural bloc has been started by Republican "old guard" chiefs, prominent leaders of the bloc today charged.

To fight this movement, which already has gained some headway, a meeting of Senators from the farming districts has been called for tomorrow night by Senator Kenyon of Iowa, one of the leaders of the bloc.

Efforts will be made to re-unite the bloc, which is composed of both Republicans and Democrats, into a compact fighting organization to further the interests of the farmer.

Secretary of Agriculture Wallace is expected to attend the meeting and urge the Republican Senators to stand by the bloc. Bernard M. Baruch, Democrat, may attend and make a similar appeal to Democratic Senators.

The bloc which is composed of

PURSE FINDER PROVES HONEST, THOUGH HUNGRY

SAN FRANCISCO, Oct. 7.—The "honest man" has been found. Chief of Police Daniel O'Brien has found the straightforward 100 per cent individual in San Francisco. He is Albert Leonard Wahlstrom and he hasn't a dollar in the world. Wahlstrom, walking on the highway from San Mateo county, picked up a wallet containing a large amount of currency. He appeared at the Hall of Justice at midnight just as the chief was going home. He was instructed to return today and see whether the owner had claimed his purse and left a reward for him.

He appeared according to program, but the owner had not shown up. It was only then that the chief discovered that Wahlstrom had had no place to sleep and had walked the streets all night. He was breakfasted when he entered the Hall of Justice. The chief gave him money for a meal, found lodgings and started the machinery for obtaining a job for him. He told Wahlstrom if the purse was not claimed within two weeks he could give him the money. The sum is large, but it is not being revealed for fear of a false claim of ownership.

about 25 Western Senators has on several occasions during recent months exercised a "balance of power" in the Senate, which completely disarranged the administration's program.

Little Girl Slashed To Death in Woods

BY INTERNATIONAL ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE
MADISON, N. J., Oct. 7.—A statewide alarm was sounded this morning for the slayer of little 12-year-old Janet Lawrence whose body, pierced by 23 stab wounds, was found in Kluxen woods, near here. Her heart had been pierced and her throat slashed by an unknown slayer.

CHILDREN'S AID CAMPAIGN OPENS

Support of women's organizations in Alameda county to the work of the children's committee of the Associated Charities will be sought by Dr. Susan J. Fenton, who has assumed direction of this department. Dr. Fenton recently resigned from the presidency of the Associated Charities to take over the children's committee. Approximately 300 boys and girls, removed from their parents by order of the court, are under the jurisdiction of this society or its wards.

An important meeting of the committee having them in charge was held at the Y. W. C. A. this week.

It was reported that a foster home in Livermore had been found for two children who had been cured of tuberculosis in Arroyo Sanitarium and that strict medical supervision would be given them.

Adjournment was made to the Baby Hospital, where the Associated Charities Children's Clinic was held. Forty babies were examined and given treatment where necessary.

In celebration of "Candy Day" tomorrow, each child was presented with a half-pound of sweets. While awaiting examination Miss Frances Riege and Miss Mary Laura Myers, Mills College girls, entertained the youngsters at games. Foster mothers and committee members were served tea.

FELON SENTENCED FOR LIFE, BRIDE PART AT PRISON

Young Woman Links Fate With Convicted Slayer; Judge Unites Couple.

SAN RAFAEL, Oct. 7.—When Jack McGill entered San Quentin prison today to begin a life sentence for murdering the last person to bid him good-bye as he passed through the portals of the penitentiary was his bride of less than fourteen hours. Media Priest of Stockton.

McGill and the girl were married in San Francisco shortly after 11 o'clock last night at the home of Judge James M. Trout in the presence of armed guards. It was not until after the ceremony that Judge Trout learned that one of the principals in the wedding was scheduled within a few hours to begin a life sentence in prison.

LICENSE REFUSED. On the eve of their departure yesterday for San Francisco from Marysville the couple endeavored to obtain permission to be married in Marysville, but County Clerk W. M. Strief declined to issue a license, holding that McGill had been convicted of a felony and therefore had forfeited all civil rights. It was then the prisoner's sweetheart determined to accompany him and the deputy sheriffs to San Francisco in a final effort to become McGill's wife.

The bride is 21 years old. She was indicted in Marysville in connection with the same crime which resulted in McGill being sent to San Quentin, but the indictment was dropped, principally as the result of McGill's testimony.

"During all our acquaintance he was ever considerate of me. He loves me and he is going to make good for the one wrong step of his life. He was not a murderer at heart and he was put into the place where he is by another, who planned the crime. GRATEFUL VOICED.

"I was arrested on a charge of having part in the crime. No one would come forward to save me but Jack. This he did, proving that I was in San Francisco at the time, and thus freeing me.

"He shielded another man who was involved in the crime, because he was sorry for his mother.

"I believe that knowing I am his wife will make it easier for him to pay the penalty of his one wrong step in life. And I shall be glad to work and wait on the outside to watch him make good as far as he can.

The crime for which McGill and two others was convicted occurred last June in Marysville, when John D. Koplos was shot and killed in front of his residence while resisting a hold-up.

L. A. GRAND JURY WILL FOLLOW UP WOOLWINE PROBE

Foreman Announces That Re-
fusal of Attorney-General
to Act Will Be Ignored.

LOS ANGELES, Oct. 7.—Thomas Lee Woolwine, district attorney of Los Angeles county, upon being informed last night that Attorney General Webb at San Francisco declined to assign a deputy to the investigation of the Los Angeles county grand jury charges of alleged misconduct by Woolwine in office issued the following statement:

"The attorney general has simply refused to be misled by the infamous tactics of an organized band of character assassins composed of a small committee of the grand jury persons whom I have prosecuted for felonies, disbarred employees of this office and a coterie of political and personal enemies."

"Assaults upon the character of public officials conscientiously and energetically engaged in this class of work are common everywhere and do not even possess the virtue of novelty."

"Charles L. Elmdorff, foreman of the grand jury, said last night that the action of the attorney general in refusing to take charge of the investigation does not mean the end of the investigation."

"The grand jury will go right ahead with the investigation it has undertaken," he said, "and will proceed with the inquiry taking such action as it deems advisable."

Women Seized in Raid On Alleged Betting Agency

SAN FRANCISCO, Oct. 7.—Apartment 28 in a house at 400 Hyde street was raided yesterday and four women and three men were arrested, accused of conducting a book-making agency on horse racing. The raid was made by Police Captain Goff and a posse. Those arrested gave the following names: Leila Wunderland, Ella Hazzard, Anna Wilson, Margaret Bee, Harry Ryan, Alexander Pearce and Fred Schultz, also known by the name of Fred Rask. Charges of violating the bookmaking laws were filed against them and they were given their liberty on \$25 bail each.

SEA ROMANCE LEADS TO ALTAR

SAN FRANCISCO, Oct. 7.—Miss Geraldine Ryder, Wellesley college graduate and heiress, last night set the carefully prepared plans of her parents to make her the bride of a wealthy New Yorker when she became the wife of Robert Purvis, a young hunter of Honolulu. The ceremony was performed in San Jose by Dr. Sherman, pastor of the Central Methodist church. The bride was accompanied by her companion Miss Judith Gordon of Philadelphia.

The young couple became acquainted while coming from Honolulu to the mainland last August. A short time after their arrival Miss Ryder, while driving her automobile, became a principal in an accident which resulted in a suit for damages against her.

Purvis, son of a wealthy Hawaiian planter, has delayed a business trip to the east to appear as a witness for the bride when the damage suit against her goes into court. They are registered at the Hotel St. Francis.

YACHT REPORTED LOST SAID TO BE SAILING TO TAHITI

Captain Goewen and Party on
Speejaacks Declared Safe
by N. Y. Wire.

The private yacht Speejaacks carrying Captain Albert Y. Goewen, New York capitalist, and his wife and a party of eight is today on its way to Tahiti according to word received here. It was expressed last night that the vessel had been shipwrecked, and it was reported a search throughout the Pacific had been instituted. Sighting of a wrecked motor yacht off Cape San Lucas, Lower California, several days ago by the steamer Hattie Luckenbach augmented fears for the safety of the Goewen party.

The word was received from W. G. Woods of the Consolidated Shipbuilding Company of New York and recalled that Captain Goewen and his party set sail for the South Sea Islands and today are on their way to Tahiti. Woods received a cable from Captain Goewen which declared the Speejaacks left Panama September 30.

According to Woods, Captain Goewen did not intend to go to San Francisco, and he was unable to account for reports from that city to the effect that the Speejaacks was overdue. He scouted reports that the vessel may have been wrecked.

The Speejaacks left the Columbia Yacht Club anchorage in the Hudson river August 21 on a tour around the world. On board, in addition to Captain and Mrs. Goewen, were Mrs. B. P. Rogers, Ira J. Ingraham, F. Trevor Hogg, captain of the 1916 Princeton football team, Bernard J. Rogers, photographer and taxidermist, Navigator Dave Williams, Engineer Jack Lewis and Radio Operator James Stirling.

U. S. Pays County for Boarding Men in Jail

Sheriff Frank Barner has turned over to County Treasurer W. Foss a check for \$901.50 the amount paid by the federal government for feeding United States prisoners for the last three months, and by which the cost of feeding Alameda county prisoners is reduced from 40 cents a day for each prisoner to about 25 cents a day.

The supervisors allow 40 cents a day for each prisoner. The federal government which boards quite a number of its prisoners or 17 now, at the county jail, pays 50 cents a day. Although the prisoners are well fed, Sheriff Barner says they can be taken care of within the county rate of 40 cents a day each. The profit is applied on the cost of feeding the county's guests in jail.

Rich and Poor Scrambling for Food in Russia

Winter Approaching and Only
Two Months' Supply
on Hand.

SAMARA, Russia, Oct. 6 (By the Associated Press).—A month's journey from Constantinople to Moscow by way of the Caspian sea and the Volga region reveals an immense hunger circle, culminating in intensity with Samara and Kazan. It is difficult to say whether more people are slowly perishing from undernourishment in Constantinople, Trifis

Baku and Astrakhan or in the surrounding region.

In each region there is a constant scramble for bread, with the whole undivided purpose of every individual, whether rich or poor, to stock up a slender store of provisions against the approaching cold weather. Nowhere is there more than a two-months' supply of food. Despite the famine the curious fact stands out that everywhere it is possible to obtain a good meal if the traveler has money.

CHILD SLAYER INSANE.

PORTLAND, Ore., Oct. 7.—Finding Mrs. Joseph S. Larkin a victim of dementia, Drs. Gable and Johnson, alienists, today recommended that the mother who threw her 18-month-old baby daughter into the Willamette river Wednesday night be committed to the state hospital for the insane.

PROSECUTOR SAYS MINISTER TRIED TO BRIBE HIM

State Closes Its Case Against
Alleged Wife Murderer;
Sensational Testimony.

LAKEPORT, Oct. 7.—Declar-
ation that John A. Spencer, former
clergyman, on trial in superior
court here charged with murdering

his wife, on two different oc-
casions had offered him money or
property to slack in prosecuting
the case, was made late yesterday
by District Attorney H. B. Churchill
of Lake county, the last witness
called by the prosecution.

The state wound up its case
against Spencer soon after the noon
recess was over yesterday. The
body of Mrs. Spencer was recovered
from Clear Lake, near here. Spen-
cer said she had fallen from a row-
boat and drowned.

Churchill testified that first
Spencer offered him property in
Santa Rosa, which he said could be
sold immediately for about \$800,
and on the second occasion an of-
fer of \$200 cash and Santa Rosa
property worth about \$1000 was
made.

The defense began its presenta-
tion of evidence immediately after
the prosecution closed its case and

three witnesses were called before
the court adjourned.

F. L. Blackburn of Petaluma and
H. M. Jones of Lakeport, both un-
derwriters, testified that attempts
by them to inject embalming fluid
into the brain of Mrs. Spencer
failed, probably due to the fact that
there was a blood clot in an artery
near the heart and the brain.

Dr. W. H. Pearn of Lakeport, the
third defense witness, expressed be-
lief that Mrs. Spencer was drowned
and not killed before her body en-
tered the waters of Clear Lake, as
the prosecution contends. Dr. Pearn
said he examined the body of the
woman after it had been taken from
the water.

Attacks Are Made by
Foes of Irish Peace
BY UNITED PRESS
RELEASED WIRE TO TRIBUNE.

DUBLIN, Oct. 7.—Extremists
seeking to prevent a peaceful settle-
ment of the Irish problem by the
peace conference called in London,
today continued the outrages which
have made this week's casualty list
read almost like those of the pre-
armistice period.

Armed and masked men, claiming
to be members of the Irish Republi-
can army, entered a number of
houses in Thurles during the night.
They attacked and seriously injured
a number of men who were not iden-
tified with politics. Many of the
victims were left lying unconscious.

THREE MEN HELD, GIRL SOUGHT ON CHECK CHARGES

Shoe Dealers Alleged to Have
Been Defrauded Through
Couple's Team Work.

Charles Gray, aged 22, a hotel clerk, charged with passing fictitious checks, and arrested in San Francisco last night, was brought to Oakland today. Checks are said to have been made out on the Humboldt Savings bank. Two local firms said to have been victimized by Gray are the Regal Shoe company, 1315 Broadway, and the Rosenthal Shoe company, 469 Twelfth street. In one case the name "Margaret Whitaker," 814 Sixteenth street, was used, and in the other the name Frances B. Collins, 2311 College avenue, Berkeley.

Gray's alleged system is considered by the police to be unusually clever and original. A woman accomplice for whom the police are now searching, would call up a store and ask the price of certain articles which she would tell the clerk to set aside for her, as she intended to send her husband or her brother for them. Gray, according to the police, would then visit the store, carrying a stolen envelope which contained a letter from his alleged accomplice, together with a check for an amount varying, the purchase price of the article in question.

Robert Wood, who it is thought attempted to cash a \$40 check in a store at 541 Eleventh street, is being held for investigation by the police. According to the police, the check was stolen from Violet Olsen of Fresno.

W. J. Goyette was arrested at the Waldorf rooming house last night,

UPSHAW WOULD PROBE SECRET ORGANIZATIONS

WASHINGTON, Oct. 7.—A congressional investigation of every secret organization in the United States is asked in a resolution introduced in the house today by Representative Upshaw, Democrat, of Atlanta, Ga.

The resolution provides for the summoning of the chief officials of such organizations before a joint congressional committee that would be appointed to investigate them.

Under the resolution every state would be called upon by congress to furnish the name of every secret organization, chartered or unchartered, which may be operating within its borders.

Alameda Elks to Seek Drill Honors

ALAMEDA, Oct. 7.—The ritualistic team of the Alameda Elks, accompanied by sixty or more members as rosters, left yesterday afternoon for Santa Cruz for the state gathering of "Brother Elks." The state trophy competition will take place Saturday night at Santa Cruz, and the Alameda team is conceded to be one of the strongest contenders for the honor. It recently defeated San Francisco and San Rafael for the Central California championship. At Santa Cruz the Alamedans will meet the winners of the Southern California championship for state honors.

NEW TRIAL REFUSED.

August Tows, Oakland real estate man, recently convicted of passing a worthless check, was denied a new trial by Judge Samuel yesterday. His request that his case be referred to the probation officer was granted. The case was continued one week.

Tows, charged with giving his landlady a fictitious check.

HERE'S CHANCE TO GET ADMISSION TO GOOD SHOW

See If Your Auto License
Appears in Advertisement
of Orpheum Theater.

How about going to the Oakland Orpheum next week as the guest of The Oakland TRIBUNE?

Just as simple as this!

Beginning next Monday there will appear in the Orpheum ads in The TRIBUNE exclusively the automobile license number of some lucky Eastbay motorist. The numbers will be selected at random, on some street, parking station or garage in Oakland, Berkeley or Alameda, by Manager Lew Newcomb of the Oakland Orpheum.

The number selected will appear the following day in the Orpheum ad in The Oakland TRIBUNE only. That's all there is to it. If the license number of your automobile appears in the Orpheum ad call on the Circulation Manager of The Oakland TRIBUNE and you will be given an order for two seats at the Oakland Orpheum, good for any performance except on Saturdays, Sundays and holidays.

Watch the ads for the Oakland Orpheum appearing in The Oakland TRIBUNE beginning with next Monday. The number for Monday will be selected Sunday—that for Tuesday will be picked on Monday. If it is your number—call at The TRIBUNE office—see their circulation manager and get your Orpheum seats.

And next week's show is a hummer—from start to finish!

**EFFICIENCY WOULD
BE LACKING UNDER
PLAN, SAYS HUNK**

Control of Schools and Powers of Self-Government
Lost by Charter.

BERKELEY, Oct. 7.—Any seeming economy in administration of government by the proposed consolidated city and county government would be more than offset by reduced efficiency in meeting the wants of the public, according to Lester W. Mink, member of the board of directors of the Berkeley Protective Association.

"Whatever objection we now have to our respective city governments is based on the fact that they do not respond to public opinion," said Mink today. "If we do not like conditions we can put the brakes on them. We can stop any shortsighted action. This situation means a great deal for the public interest."

"The proposed consolidation章程 removes the government from the people from a point where Berkeley residents could not bring any pressure to bear on government machinery."

There would be a board of education of nine members, appointed by the mayor, who in turn would be elected by the majority of the voters. The superintendent would have one member from each council district and two at large.

SCHOOL CONTROL LOST.
 "If Berkeley accepted this charter we would turn over every scrap of control of our schools.
 "Berkeley now is recognized as a first-class educational center. We have no reason for abandoning the future we may expect from the developments of the past.

...Berkeley officials have plenty to do to keep them busy at the present time. The city would pay dearly in efficiency for every cent of seeming economy effected by the consolidation, if any saving were made.

"A glaring weakness in the charter is the imperial power given to the manager. It would be manifestly impossible for the city and county government to pay this man in proportion to the ability and knowledge required. It would be ridiculous to expect a man who could console and satisfy the various districts for \$12,000 a year, for such a man could earn at least \$50,000 a year in business, without being subject to the petty irritations of public office. But if he were paid this sum there would be a tremendous howl from man

"For these reasons it would be extremely unwise to surrender the wide range of appointive and directory powers proposed for the city manager. As things are now, the public is able to obtain response to popular opinion, which would not be done with a city and county government established in Golden."

'CABINET' HONORS EDITOR DE YOUNG

SAN FRANCISCO, Oct. 7.—The Cabinet, an informal organization of men who meet at luncheon at the Palace hotel every day, surprised one of its oldest members, M. H. De Young, yesterday when he found the tables especially decorated in honor

A large cake with sixteen lighted candles apprised all of the significance of the affair. Following the presentation of several gifts to Mr. Young, telegrams and other missives were read. James H. O'Brien, who arranged the affair, was toastmaster and Supreme Justice Frank M. A. Sullivan presided.

which was followed by the presentation of the several gifts. De Young acknowledged his surprise and in a speech filled with reminiscence thanked the club for what he termed its "wonderful sentimental appreciation of myself." Among those present were:

ITALY SOCIALIST PARTY IS FACING INTERNAL STRIFE

Convention to Debate Change of Tactics May Result in Permanent Break.

MILAN, Oct. 7. — The Italian Socialist Party which will meet here October 10 to debate a change of tactics is represented in the Italian Chamber of Deputies by 122 members, the strongest party numerically but it is composed of dissenting groups. If the differences of these are not composed, the party's compact representation may be divided into small factions and cliques.

Leading up for the convention are the pro-Soviet, anti-government groups, anti-Russia faction, pro-unity, anti-international and central tendencies. They are meeting mainly to decide whether the Socialist deputies shall participate in the government or line up against the government on every proposal that it makes.

The right wing under Deputies Turati, Treves and Modigliani is for joining in with the national government and getting what they can in the way of legislation.

The left wing is for holding out until the Socialists in full force can take possession of the government and the "spoils of victory." These are headed by Signor Serrati, di-

Union Square Theater to Make Way for Skyscraper

NEW YORK, Oct. 7. — Two historic landmarks—the Union Square theater and the Morton House—which have stood for half a century in Union Square, at one time famous as the center of New York's riots, are to be razed to make way for a modern structure.

The Union Square, built and opened by Sheridan Shook in 1871, began as a variety house. Later it became a first-class producing house in which many of the famous actors and actresses of the present day made their debut. It winds up its career as a burlesque theater.

As a variety or vaudeville house it opened with a program including the Martinetti-Ravel troupe of pantomimists, the team of Harrigan and Hart and Jefferson De Angelis.

The most famous success of the Union Square was the "Two Orphans," translated from the French and hawked about for \$1800 until

referred to the Socialist press and Deputy Barzani.

The right wing is called the "collaborators" and the left, the "anti-collaborators."

The right wing looks upon the present parliamentary situation as one which would yield considerable socialist legislation. The leaders have been somewhat kindly disposed to President Bonomi, who at one time was a fiery leader in the Socialist ranks but was dropped from the official rolls of the party because of a too patriotic attitude.

The Italian newspapers have complained bitterly of the Socialist abstention from the responsibility of government.

A. M. Palmer read it. The play ran 180 nights and was the sensation of the theatrical season. Kate Claxton, who played Louise, the blind girl, bought it outright and played it for twenty years.

The first performance of "The Mikado" in New York was given in the Union Square, with Roland Reed and Alice Harrison in the title roles.

In 1885 James M. Hill took the theater and brought out a new and unheard of star, Margaret Mather, and put on "Homer" and "Juliet."

During his management Chas. O'Connell obtained his first engagement in opera. A little later Charlie Chaplin, now famous moving picture comedian, made his debut in New York, with a small part in a specialty company which lasted a week and was a frost.

\$3,000,000 Land Suit Dismissed by Court

LOS ANGELES, Oct. 7. — Suit of the United States government against the Title Insurance company, the Security Trust and Savings Bank and a number of Los Angeles men, to set aside a grant made of 98,000 acres of land in Kern county, was dismissed by United States District Judge Triplett here, Federal attorneys announced that an appeal would be taken to the supreme court.

The lands involved are valued at \$3,000,000. The suit was brought by the government to protect rights of Mission Indians in connection with a grant made by the Mexican government in 1843 in which the rights of the Indian Indians were expressly preserved, according to the government contention.

OIL TREATMENT FOUND BENEFICIAL TO JAPAN LEPERS

Remarkable Results Reported in Checking Results in Islands.

HONOLULU, T. H., Sept. 12. — (By Mail.) — The chaulmoogra oil treatment for leprosy, evolved by Dr. A. L. Dean, president of the University of Hawaii, has produced "remarkable results" in checking the disease in Japan, according to Dr. R. H. Hoshino, director of the medical college of the Imperial University of Kyoto, Japan, in an address here to leading members of the Japanese community.

Dr. Hoshino, who is here studying the latest developments in the treatment for leprosy, said that when the report of Dr. Dean's discovery reached Japan, chaulmoogra oil was prepared at the medical department of the Kyoto university immediately and experiments were made on 12 lepers.

Two months of treatment was so effective, Dr. Hoshino said, that it was not possible for a layman to recognize that the patients ever had been afflicted with leprosy.

Dr. Hoshino estimated that there are 100,000 persons in Japan afflicted with leprosy.

There are 60,032,246 cotton spindles in the mills of Lancashire.

McKenzie of Moss Avenue Not Accused

Jack McKenzie, University of California student, who was arrested on a complaint of his father-in-law, Dr. L. S. Irgens, 210 Pacific avenue, Piedmont, for disturbing the peace, after attempting to regain his bride by climbing up to the sleeping porch of the Irgens home in the early hours of the morning, is in no way related

to Jack McKenzie of 834 Moss avenue, the latter announced today. McKenzie of Moss avenue declared that he is unmarried and employed as a salesman, and wished to correct the opinion that he was the man referred to in the newspaper account of the adventures of the university student of the same name. Women of West Australia have had the right of participating in municipal elections since 1871.

Mothers to Aid Fund for Scholarship

By EDNA B. KINARD.
The scholarship fund will be stressed in Oakland Technical High School Parent-Teacher association this year. So safety guarded that not even the donors know the identity of the student whom they are aiding through school, the mothers are zealously carrying out the financial education concerning the needs of their hands. However, no boys or girls enrolled at Technical will be eligible to receive their course if the Parent-Teacher association can learn of their necessity. Funds will be forthcoming for a temporary tiding over of embarrassment or extended to cover the expenses of regularly paid amounts. The only persons who will know of the gifts are Miss Ruth Wilder, dean of girls, and the student who receives the assistance. The mothers are not looking upon their efforts as philanthropic or charitable, but merely as the loving care which a parent naturally gives to her son or daughter. When the club members assemble on Monday at business session in the Technical High school it will be to discuss the extension of this project. Last year the association appropriated more than \$200 to the school scholarship fund in addition to the individual students whom it carried. A list of new members is called for Monday afternoon. More than 50 mothers have enrolled in the association since the opening of the fall term.

Representatives from all the women's clubs in Alameda county will assemble in Ebell clubhouse at 10 a. m. tomorrow to consider plans for the Mills club peasant, "A Vision of Fair Women," which will be given early in the year as a benefit to the college endowment fund. Mrs. Minna McCauley, who has been appointed chairman of the general committee on arrangements, will outline the project for the original fashion show which will picture all periods of feminine dress. The spectacle has been conceived by the Mills Club of Alameda County, of which Mrs. John A. Bingham is president. Local organizations of women are being called upon to stage an episode, all of which will be combined into a colorful unit, accompanied by music, drama and dancing.

Miss Annie Florence Brown will present the public health work in Alameda county before the regular meeting of Manzanita Parent-Teacher association on Tuesday at 2:15 p. m. in the Manzanita school auditorium. Miss Brown has been largely instrumental in the organization of the County Public Health Center.

Captain Duncan Matheson of the San Francisco detective department will speak before the National League for Women Service on Monday night. The members and guests will assemble in the club headquarters, 333 Kearney street, San Francisco.

A series of whist parties is being planned by the Stonehurst Parent-Teacher association, the first of which will take place tomorrow in the clubrooms. November 12 and December 10 will be the concluding dates.

National Economy Is Needed, Says Schwab

ALTOONA, Pa., Oct. 7.—Charles M. Schwab in an address before the Chamber of Commerce last night expressed the opinion that depression in America today is but the natural sequence of an orgy and recommended strict economy as the quickest cure. "We have asserted wages must come down," the speaker said, "merchants could not expect the working man to accept a cut while the cost of necessities are still beyond his reach."

Judge Appointed to Settle Water Row

SACRAMENTO, Oct. 7.—Superior Judge Albert Lee Stephens of Los Angeles has been named by Governor Stephens to hear further proceedings in the suit between the Tulare and Lindsay-Strafford irrigation districts. The findings in the previous trial were ruled out by the supreme court on the grounds that the judge who heard the case owned property in one of the districts. The suit is understood to involve the question of riparian rights.

HAVRE, FRANCE, PLANS COLUMBUS DAY CELEBRATION

HAVRE, Oct. 7.—(By The Associated Press.)—This city, which considers itself a stepping stone to the new world, is preparing to celebrate October 12—Columbus Day—with brilliant and picturesque ceremonies. The day will be Pan-American. Twenty-three consuls representing American countries will each receive a silver plaque bearing the date of the discovery of America by Columbus.

Ruling On Alien Poll Tax Funds Is Sought

SACRAMENTO, Oct. 7.—Attorney General C. S. Webb was asked by Will C. Wood, superintendent of public instruction, to furnish him with an opinion as to whether the expense of collecting funds accruing from the alien poll tax law, which has been since declared unconstitutional, would have to be paid from the school fund of the several counties in which the tax was collected. The law provided that the money collected should be turned over to the school fund and the assessed deducted approximately 15 per cent for collection. The total amount thus deducted will amount to thousands of dollars, according to a demand has now been made for restoration not only of the net amount collected, but also for the amount paid for collection of the tax. Wood said.

Ninety million liters of wine are lying in cellars in Portugal because there is no foreign market.

Pain In Muscles And Joints Caused By Rheumatism

To Get Genuine Relief You
Must Clear Your Blood
of Waste Products.

If we could keep our human bodies clear of the poisons which accumulate in them daily, and give them the full benefit of proper diet, we should live far beyond the average span of human life.

But alas! We realize only too often that we have an excess of waste products in our system. This poisonous waste matter not only causes a lowered vitality and many forms of skin disorders, but it also causes rheumatism—a disease that has no equal for pain. Genuine relief from the agonies of rheumatism can be had only by correcting the basic trouble—waste products.

Thousands and thousands of men and women during the past 50 years have cleared their blood of waste products with S. S. S. It is the ideal remedy for rheumatism, because it removes the poisonous waste matter which is causing the trouble. There are no bad after effects and the result is wonderful. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address: Chief Medical Director, Swift Specific Co., 733 S. S. S. Laboratory, Atlanta, Ga. All drug stores sell S. S. S.—Advertisement.

Po Kwong Shew My Salvation TO WHOM IT MAY CONCERN:

I was employed as a machinist, when I broke down with a bad cold. Instead of getting better from the drugs that I was taking I got worse until every bone in my body and my head ached. I also had the chills and a high fever. My throat was unquenchable and my appetite was gone. Moreover, I was broken out all over with rash which itched so that it was impossible for me to rest or sleep.

My salvation came when a friend recommended the Chinese herb tea of Po Kwong Shew. I took it for three weeks and the herb tea was entirely healed and feeling strong enough to return to my work. I write this testimonial to show the efficiency of Chinese herbs.

MOB STORMS JAIL; PRISONER SAVED

DALLAS, Texas, Oct. 7.—Twenty-five motor car loads of men, said to have come here from Fort Worth for the purpose of lynching David Bunn, colored, accused of having robbed and mistreated members of the house party at Lake Worth, a pleasure resort near Fort Worth, Tuesday night, arrived here early today. Bunn was brought here for safe-keeping.

The crowd disbanded shortly after its arrival. It was understood the members had gone back to Fort Worth.

FORT WORTH, Texas, Oct. 7.—Officers early today escorted a committee from a mob of several hundred persons through the county jail here in response to their demands that the jailer produce David Bunn, colored, who was indicted yesterday of the bias today charged.

After examining each cell and satisfying themselves that the man was not in to fall, members of the committee joined the mob outside. The greater part of the throng then entered automobiles and sped away.

BEELIUM, Oct. 7.—The sale of beer in Belgium has broken all previous records with summer not yet over. The increase in drinking is attributed to the long heat wave.

ASK THE TRIBUNE Bureau of Information

The \$30,000 Goldwyn scenario contest has brought numerous queries to the Information Bureau of The TRIBUNE.

The contest is being conducted by the Goldwyn Pictures Corporation of Culver City, Calif., through the Chicago Daily News. There are \$30,000 in prizes and the contest ends November 1, 1921. Details can be had by writing to Scenario Editor, Chicago Daily News.

Another TRIBUNE reader asks recipes for graham bread and raisin bread. The recipes are as follows:

- GRAHAM BREAD.**
- 1 cup graham flour.
 - 3 cups wheat flour.
 - 1 cup cornstarch.
 - 1 1/2 teaspoonful salt.
 - 3 tablespoonful brown sugar.
 - 4 teaspoonful soda.
 - 1 tablespoonful molasses or maple syrup.
 - 1 tablespoonful lard and butter.
 - 1/2 yeast cake, dissolved in 1/2 cup warm water.
 - 1 quart milk.
- Scald the milk and cool until like warm water. Sift dry ingredients together and rub in flour. Dissolve the yeast cake, add it and the molasses to the milk. Beat in the dry ingredients and set to rise overnight. Make into loaves with as little handling as possible. Allow to rise until more than double the bulk of dough, bake in a moderately hot oven. Nuts and raisins may be added.

- RAISIN BREAD.**
- 2 cups scalded milk.
 - 1/4 cup sugar.
 - 1/4 cup molasses.
 - 1 egg.
 - 1 package raisins.
 - 2 teaspoonful salt.
 - 1 yeast cake, dissolved in warm water.
 - 1/2 cup.
 - 1 1/2 cups flour.
- Add sweetening, egg and salt to milk; cool and when lukewarm add dissolved yeast cake and flour, beat well, cover and let rise until twice its bulk. Again beat, and turn into greased bread pans, having pans half full. Let rise to almost the top of the pan; bake in a moderate oven.

UNEMPLOYMENT IN U. S. DECREASES

WASHINGTON, Oct. 7.—A slight decrease in unemployment throughout the United States was reported for September by the Department of Labor in a summary of conditions made public last night. On September 30, the department said, 142 establishments had 18,050 more workers on their payrolls than on August 31, an increase of 1.2 per cent. In 65 principal cities, employment decreased in 26, but increased in 38, and in one remained unchanged during the month.

The summary showed the percentage of change was greater in the cities reporting increased employment than those showing decreases. The greatest increase in employment was noted at Toledo, Ohio, with 24.1 per cent, while Portland, Oregon, stood second with an increase of 21.7 per cent.

Chicago reported an increase of 1.5 per cent and New York showed a decrease of 2.2 per cent.

Increases by industries were noted particularly in food production, textile manufacturing, nearly all metals, stone, glass, clay, lumber, chemicals and railroad shops. The industries reporting decreases included automobiles, leather and its products, printing and tobacco manufacturing.

U. S. Gun Fires Ton 35 Miles

ABERDEEN, Md., Oct. 7.—New and improved engines of war today turned the Aberdeen proving grounds into a veritable battlefield of acid shaking concussion and biting, earth palls of gas and smoke.

To the known terrors of war were added the 35-mile gun, which hurled 16-inch projectiles; airplane bombs, weighing from 2000 to 4000 pounds; machine guns, spitting bullets twice as heavy and twice as far as the Browning gun used during the war; flashless powder; a one-man tank that "crawls or swims"; new principles in anti-aircraft attack and other weapons designed to make war more destructive than ever before.

These weapons received their tests at the proving grounds under the eyes of ranking officers of the army and navy civilians famous in the world of ordnance manufacture and a distinguished gathering of international notables.

Leading the list of weapons is the 16-inch, 50-caliber gun, which throws 2400-pound projectiles a distance of 35 miles. It hurls much heavier projectiles than the German long-distance gun, which shelled Paris.

President of Bank Slain; Body in River

CONYERS, Ga., Oct. 7.—With a wound in the head, presumably inflicted by a club, the body of Charles Reagin, president of the Bank of Rockdale, a small town near here, was found today in the Yellow river after an all-night search. The hunt for Reagin's body was started when his automobile was found standing on a bridge across the river, the motor running and all lights burning. All four doors were open and on the floor of the bridge was found the banker's knife and some silver coins.

Tribune's Aid to Moose Show Lauded

Editor TRIBUNE: Oakland Lodge of Moose wishes to thank you for the publicity given by your valuable paper to our benefit show, "Are You a Moose?" We know that this publicity had much to do with making this benefit the most successful given in the history of the lodge.

Very truly yours,
W. J. HAMILTON,
Secretary.

BURNED FENCE ON TUNNEL ROAD TO BE REPLACED

William Blair, assistant superintendent of streets, is preparing today to replace approximately 1800 feet of fence bordering the Tunnel road which was destroyed by the brush and grass fires which recently swept over the hills back of Oakland and Berkeley.

Blair completed a survey of the fence lines yesterday. He estimates it will cost \$1000 to replace the fence.

Russ Food Draft Proposed to Hoover

BRGA, Oct. 7.—Dr. Vernon C. Kellogg, of the American Relief Administration, who left for New York last night, will propose to Herbert Hoover the immediate institution of a food draft system in Russia. Mr. Kellogg, head of the Russian famine relief, has informed Dr. Kellogg that the soviet government is ready to accept this in principle and only request that the details be worked out.

Women Will Edit Paper for One Day

BERKELEY, Oct. 7.—Men will be banished from the offices of the "Daily Californian" on Monday, and the coeds will take full charge of the college daily.

Once each semester the women on the staff are allowed by the men who act as editors to take over the work of publishing the daily. On the date of the women's issue all of the departments handled by the men are taken over by the women. Helen Bell, a Senior student, will act as editor-in-chief for Monday's issue.

SUPPORT GIVEN TO BOY SCOUTS BY MUTUAL CLUB

New Organization Participates
in Drive to Raise
\$25,000.

The Mutual Business Club of Oakland through a committee of fifteen members today is participating actively in a drive which is to be made for \$25,000 to carry out the 1922 program of the local organization of Boy Scouts. The club pledged its aid at its regularly weekly luncheon yesterday in the Hotel Oakland. A resolution also was adopted whereby \$750 will be paid into the treasury of the Boy Scouts every month for one year.

C. O. Dustin, campaign manager of the Boy Scouts, told the club members what already had been accomplished by the organization and what it planned to accomplish the forthcoming year.

"Every hour of effort and every cent contributed," declared Dustin, "is helping forward constructive citizenship—something you are interested in vitally."

Although the club was formed comparatively recently, its membership list is growing rapidly, according to its president, Clarence N.

NO BETTING ON SPORTS, U. OF C. LEADERS WARN

BERKELEY, Oct. 7.—Gambling on the results of athletic contests at the University of California will not be allowed in any degree, according to a warning issued by the students today.

Declaring that betting on the scores or the results of the contests will hurt the morale of the team and the name of the university, the collegians have set about to put a stop to any gambling which may arise at future football games.

The action is the result of a request made by Coach Andrew Smith, who warned the students that, unless a strong stand is taken against gambling, a serious problem will arise, such as now exists in eastern colleges.

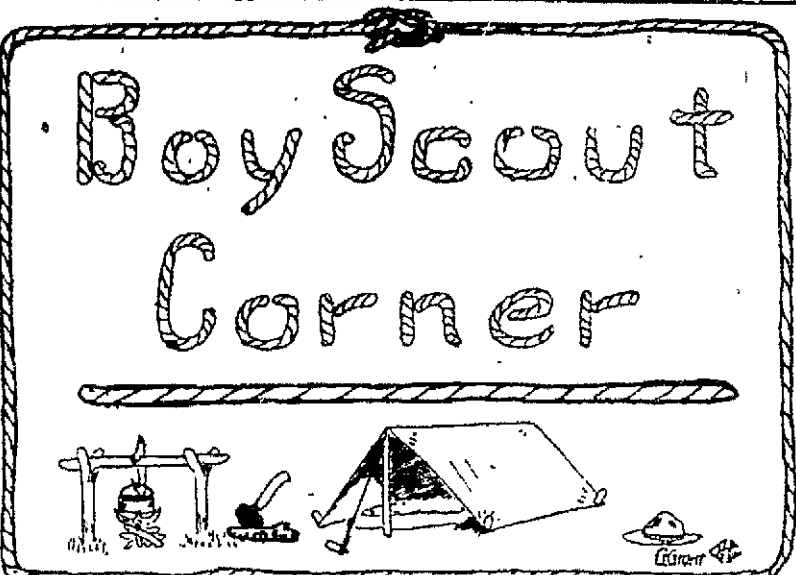

\$50,000 MILL BLAZE.
YANQUERIE, N. C., Oct. 7.—A Woolen Mills factory here. The damage is estimated at \$50,000, partly covered by insurance.

Cooper, more than 100 representative business men already being on the official roll.

The announced purpose of the club is not only to stimulate mutual business among the members, but to take an active and constructive interest in all affairs bearing upon the welfare of the city.

The membership committee reported that encouraging progress is being made, many new additions being obtained every day.

The women of Spain are credited with being the best dancers.

Extending their activities to other and newer fields, heretofore untouched by the organization, the Boy Scouts are trying their hand at newspaper writing. The following "stories" on the Stadium drive and other news of the day were written by Boy Scouts for The TRIBUNE, and this running feature will appear at intervals in this paper as one of the high lights of the Boy Scout drive.

TELEPHONE OFFICE AND EXCHANGE By Jack Ellwood Troop 1

The telephone cables enter the central office, which is located on Franklin street, and pass into a terminal room. The wires are joined with a protecting device which can protect the wires from lightning and other heavy currents which extend to the switchboard.

After a telephone line is attached to one position on a switchboard it is extended along the back of the switchboard to the other operator's position.

There are about 150 operators. Each operator answers only about 150 subscribers, but because all of the lines are extended to each position on the switchboard, each operator can connect her subscriber to any of the thousands of telephone lines coming into the central office.

The operator keeps a very good discipline. They do not chew gum or talk to each other.

The wire chief is the operator and the one who tests the line and finds the trouble. There are about 600 telephone operators in the East Bay cities.

The Oakland and Lakeside switchboards are at the central office and handle the heavy part of the business. The busiest hours are in the morning, 9 to 12, and 2 to 4 in the afternoon.

In the residence districts the busiest hours are between 8 and 10 in the morning and 7 to 9 in the evening, but the telephone service must be furnished 24 hours a day.

The operators have a rest room and a lunch room. In each room here are a photograph and playman.

BOY SCOUT INSPECTS U. S. REVENUE CUTTER By Charles Littenstein, Troop 13

The U. S. revenue cutter Tampa, which was put into commission the 15th of last month and now at anchor off the city street dock, was my assignment for reporters duty. Arriving with the press, I was met by Captain Manager C. O. Dustin, to present to the commanding officer, Captain Wheeler. We were on our toes to see that everything on the Tampa was seen by us. Captain Wheeler detailed a sailor to show us around the boat. It was our good fortune to learn that this sailor was a senior patrol leader in the West Indies. He explained the different parts of the cutter to us, telling us that she had five guns—two five-inch, two six-pounders and one three-inch anti-aircraft gun.

The officer in charge of the engine room told us that she was driven by a turbo-electric engine making three hundred revolutions a minute. We then were taken to the bridge, where our guide explained how the cutter was controlled from the bridge. In the wireless shack we heard the outcome of the big league baseball game.

Our guide told us that the Tampa was 240 feet in length, 35 feet in width, with a displacement of 1500 tons and 16½-foot draft. The Tampa was built in Oakland, has 110 men in her crew and was stationed on the east coast of New York. Oakland should be justly proud of her.

MY HUNTING TRIP By Leroy Skibbe Troop 14

We started out about 7 in the morning. The sun was shining brightly and the birds were singing merrily as we walked along.

Suddenly there was a noise in a bush about two yards from us. I put up my hand, which means stop. I went forward and the noise stopped. When I stopped it began again. I threw a rock into the bush and out jumped a raccoon. One of the boys had a gun and he shot it through the head and killed it. Then I skinned it and went home.

Italian General Sails for America

N. Y. OPERA OPENS NOV. 11

NEW YORK, Oct. 7.—The Metropolitan Opera company will open its winter season November 14, with the opera "La Traviata," with Miss Amelita Galli-Curci in the stellar role. Beniamino Gigli and Giuseppe de Luca also will be members of the cast. Rosina Galli and her husband will be featured on the opening night.

Various carriers arrange the mail for their routes, making two deliveries in the morning and one in the afternoon, in the downtown districts.

Take Yeast Vitamin Tablets To Have A Shapely Figure

Firm Flesh, Plenty of Energy, a Clear Skin and Beautiful Complexion
EASY AND ECONOMICAL—RESULTS QUICK.

If you want to quickly round out your face and figure with firm, healthy flesh, increase your energy, nerve force and power, and look and feel 100 per cent better, you will find this simple test well worth trying. First weigh yourself and measure yourself. Next take Martin's VITAMON—two tablets with every meal. Then weigh and measure yourself again each week and continue taking Martin's VITAMON regularly until you are satisfied with your gain in weight and energy. Martin's VITAMON Tablets contain highly concentrated yeast vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C), all of which Science says you must have to be strong, well and fully developed. They are now being used by thousands who appreciate their convenience, economy and quick results. By increasing the essential body-building value of Martin's VITAMON, you can get the best results. VITAMON Tablets supply just what your body needs to feed the shrunken tissues, strengthen internal organs, clear the skin and renew elasticity and nerve force without upsetting the stomach or causing gas. Pimples, boils and skin eruptions seem to vanish as if by magic and the complexion becomes radiant clear and beautiful. But it is not only a question of how much better you look and feel or what your friends say and think—the scales and tape measure will tell their own story. A two weeks' test will surprise you.

IMPORTANT! While the amazing health-building value of Martin's VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion, constipation, skin eruptions, it should not be used by anyone who OBJECTS to having their weight increased to normal. Be sure to remember the name—Martin's VITAMON—the original and genuine yeast-vitamin tablet—there is nothing else like it, so do not accept imitations or substitutes. You can get Martin's VITAMON Tablets at all good drug stores, such as Owl Drug Co.

WOMAN BURNS TO DEATH.
VICTORIA, B. C., Oct. 7.—Mrs. Lizett Hillis, wife of Percy B. Hillis, a lumber operator, was burned to death in her home at Strawberry Vale, near here, yesterday, when she attempted to use coal oil on a kitchen range. Her husband is a nephew of Rev. Nevell Dwight Hillis, pastor of Plymouth church, Brooklyn, N. Y. She leaves four small children.

RAILROAD WORK STARTS.
PITTSBURGH, Pa., Oct. 7.—Robert E. McCarty, general manager of the Central Region of the Pennsylvania railroad, announced 450 men would be put to work at once in the shops at Pitsburgh, Pa., and 155 at the Conway shops. They will be employed in car repair work. It was added that workmen would be employed in other railroad centers as soon as details could be worked out.

MOUNTAIN VIEW IS HOST AT BIG CROP FESTIVAL

Thousands Visit Sixth Annual Prune and Apricot Exposition on First Day.

SAN JOSE, Oct. 7.—Thousands of visitors from all parts of the state yesterday and last night visited the Mountain View, orchard city north of here, on the occasion of the opening of the sixth annual Mountain View Prune and Apricot Exposition, while again today additional throngs were gathering for the second big day of the exposition.

The exposition will continue up to midnight tomorrow and a lavish program of events has been prepared. The little community that is playing host to such large and enthusiastic crowds is presenting a gala appearance for its festival day. It is bedecked from one end to the other with flags and bunting and everywhere there is the air of festivity.

The auditorium in which the exposition proper is housed is a mass of color and a credit to the community.

As for the exposition itself, too much cannot be said. Opening day yesterday found the exhibits in place and completely ready for the public.

The range of the exhibits is most extensive, embracing everything of a productive and industrial nature in California. Dried prunes and apricots form the central feature of the exposition, although the scores upon scores of booths have many and varied sights of interest to attract the eye.

Today the exposition committee has planned to once again carry out the big athletic program of events which yesterday won so much favor and there will be "never a dull moment" on the exposition grounds both morning and night.

Tonight in the auditorium will come the crowning of the festival, the carnival event which has been looked forward to keenly, while on Saturday there will be a big street parade that promises to be the most elaborate in the history of the community.

A grand gala ball tomorrow night with the Mountain View fire department in complete charge, will bring the big three-day exposition to a close.

Paving Ordered On Highway At Tracy

TRACY, Oct. 7.—The board of trustees, on recommendation of City Engineer Harrington, last night ordered that the portion of Lincoln highway running through Tracy be paved with reinforced six-inch concrete without top dressing. Discussion also brought out the fact that labor and materials could be largely used.

It is roughly estimated that the cost will be about \$60,000, and to pay for this Tracy will be declared a street district and the property assessed proportionately. The property facing the highway will be assessed at the proportionate rate of 10 per cent and the rest 40 per cent.

To this expense is also to be added the paving of portions of Fourth and Sixth streets with four-inch reinforced concrete, which work will be done at the same time.

Auditorium 'All Dolled Up' for Harvest Festival for Benefit of Baby Hospital

Here's a corner of the auditorium in its harvest festival dress, with a group of workers. From the left they are the MESDAMES STUART HAWLEY, MADALINE CLAY HARROLD, GEORGE NEWTON and WARNER SHERWOOD. Behind them observe "The Bambino," the new sculptured trademark of the Baby Hospital activities, "Lest we forget."

Everything Imaginable To Be On Sale During Bazaar Today and Tomorrow.

"The Barn," the rendezvous for the Harvest Festival for the Baby Hospital Association—in other days the Auditorium-by-the-lake—is all dressed up for the Big Party tonight and tomorrow night.

A new scheme of decoration has been evolved that transforms the big structure into a fit setting for the big and all future affairs of the hospital—a uniformity of booths, walled in with lattice and pillars of lattice, white and green, to break up the big spaces.

And "punks" such as never were grown outside of Alameda county, are massed about by the hundreds of professionals in the world of little folk.

Among the most exciting booths is the "White Elephant," on the east end of the gallery, with Mrs. Franklyn Noah Dewey in charge. Assisting her are the Mesdames Chester Jamison, Emory Elliott, Joseph Russell Knowland, McKee Sherrard, Sidney De Witt Allen, Arthur Greene, William Piggson, James Bowser, Carl Rhodin, Floyd Swayne, R. E. Jack, Hamilton Murdoch, William Dodge and Miss Helen Anthony.

News Notes of Vallejo And the U. S. Navy Yard

VALLEJO, Oct. 7.—A six-day week employment schedule is expected at the navy yard this winter, now that the new wage schedule has reached the navy department. It is said that the wage reports show in some places that the government is not paying a living wage on a 5-day-a-week basis.

Now that the force has been reduced at the yard it is stated that the officials of the Vallejo Ferry Company have requested the navy officials to put a stop to private launches carrying mechanics to and from the yard during the regular schedule of the ferry corporation.

County Recorder T. M. Dickey has left to attend the State Convention of the Elks of the Vallejo area, and also left for the Surf City to remain until Monday.

Lieutenant W. R. Buechner, formerly attached to the captain of the yard and now attached to the U. S. S. California, has arrived here from Santa Cruz for a short visit with his wife and family.

Judge J. A. Fitzgerald officiated at the wedding of Eugene J. Demuth and Miss Anna Amelia Lind, which was held here on Wednesday evening. The couple left for a honeymoon trip in the south and on their return will reside in San Francisco.

Permission has been secured from the city council for the installation of a Shell Oil service station at York and Marin streets. The cost of the station is estimated at \$10,000.

The California Grays have issued an invitation to the yard officers to attend the big military ball to be held at the Civic Auditorium, San Francisco, tomorrow evening.

The destroyer Trevor will be commissioned at the navy yard, December 5. Work on the ship is being pushed and it is expected that she will be ready to sail the Pacific fleet early in 1922.

The navy repair ship Buffalo and the tug Vigilant were docked at the navy yard today and will remain in grade No. 2 until some time next week. On being released the Buffalo will join the train fleet at San Diego.

U. C. Professor to Debate With Hindus

BERKELEY, Oct. 7.—Defending the attitude of the British government toward its Indian subjects, Professor E. A. Horns, now lecturing at the University of California, has accepted a challenge to debate issued by a number of Hindu students.

Professor Horns was for ten years a teacher at an Indian university, and is now touring the colleges of America to discuss political problems in India.

Indian universities differ greatly from those of America, according to Professor Horns. He says that such things as coeducation, the honor system, and social life are unknown in Indian colleges. Football is the major interest of the Hindus, he says, although the natives play the English game, and play on a muddy field in their bare feet.

RAILROAD MAN DIES

PORTLAND, Ore., Oct. 7.—Colonel George E. Willett, 63, died here last night of paralysis. Colonel Willett for 38 years was connected with the passenger department of the Northern Pacific railroad. Willett was colonel in the Oregon national guard.

Tracy Will Hold Armistice Day Fete

TRACY, Oct. 7.—At a meeting of the American Legion, James McDermott Post, here, James Murphy, chairman of the Armistice Day observation committee, reported that arrangements were being perfected for a big celebration of that day. Instead a parade in the forenoon and an evening celebration is being planned. One feature will be a special picture put on at the Arlington theater. On Saturday, November 12, the Legion will give a dance at the Arlington. Ted Reed were presented with gifts in honor of their recent marriages. At the conclusion of the meeting a banquet was served.

WARNING SENT TO BAY CITIES OF BUNCO MEN

Circus Employees Alleged to Have Swindled San Joseans of Money.

SAN JOSE, Oct. 7.—Police of San Jose today issuing a warning to police of the bay cities to be on guard against show change artists working on an extensive scale with a circus which played this city Wednesday evening yesterday for a San Francisco engagement.

Three San Joseans reported to the officers that they had been "silked" out of money by the bunco men in operation yesterday for a San Francisco engagement.

One of the three victims, Joseph Sciorino, was swindled out of \$30, he reported to the police.

Another victim, Joseph Sciorino, was swindled out of \$30, he reported to the police.

English Channel Is Crossed on Bicycle

PARIS, Oct. 7.—Harold Bigby, an English motor engineer, has just crossed the English Channel, from Folkestone to Calais on a bicycle fitted on two large floats with a propeller on the fore part of the machine driven by a rod which in turn was operated by the pedals.

The rider said that he covered just 30 miles in a little more than 12 hours. Bigby was accompanied by a motorboat on the trip. Describing his ride, he said: "A strong sea was running and a southwest wind blowing but I was much better off than the waves below."

"For three hours I was seasick and I couldn't be fed as the waves prevented the boat from getting close enough to me. Once I was almost overboard from my seat and frequently I was covered in water up to the saddle of my machine."

His companions said Bigby alighted from his machine quite fit.

Thieves Are Busy in Alameda Over Night

ALAMEDA, Oct. 7.—A petty larceny wave struck Alameda last night. The thieves were busy in the city, and the police are trying to catch them.

Morrison Cole, 301 Park street, was the next sufferer from the petty larceny. He lost his bicycle while attending a show.

The wildest wave of all was set up by little "Billy" Scott, whose new red velocipede was stolen from Versailles and Encinal avenues.

Pappas' Attorneys Ask His Release

MARTINEZ, Oct. 7.—Argument on a motion by attorneys for Jack Pappas, Bay Point pool hall proprietor, accused of robbing John Osborne, the Pappas, was admitted to bail was made before Superior Judge R. H. Lattimer yesterday afternoon.

Judge Lattimer took the question under advisement, saying he would render a decision Tuesday. Granting of bail was opposed by District Attorney A. B. Tinning. Pappas shot Osborne August 15 following a quarrel in a pool hall. It is claimed by Pappas that Osborne was the aggressor.

JEFFERS IS BURIED

NEWMAN, Oct. 7.—The funeral of the late C. E. Jeffers, prominent Ingomar farmer, was held here on Tuesday afternoon, under the auspices of Pride of Romero Lodge, Odd Fellows, of which he was a member. The rites of the order were carried out at the Odd Fellows hall and at the grave by C. A. Miller, acting chaplain, and C. G. Cox, acting chaplain. Jeffers was a victim of heart disease while on a duck hunting trip. He leaves a widow and one daughter.

OIL STATION BURNS

MANTECA, Oct. 7.—Fire of unknown origin destroyed the West Manteca oil service station at an early hour yesterday morning, causing a loss of several thousand dollars. The property was owned by Ralph Martin. It was covered by some insurance. The fire started in the residence part of the station.

BUILDING INCREASES

MANTENCA, Oct. 7.—Building is on the rise again in this city, after a period of dullness, marking the prosperous condition of the district. At the last meeting of the city trustees permits to the extent of \$16,470 were granted. Not in many months had so many applications been heard.

PARADIS IS ELECTED

MODESTO, Oct. 7.—At the annual election of the Stanislaus Auto Trades Association Frank Paradis was chosen president; E. A. Hale of Modesto, vice-president; Nathan McVay, secretary-manager; Walter Johnson, treasurer. The association now numbers 61 members.

Babe Risks Life, Injured, To Save Dollie From Harm

SAN JOSE, Oct. 7.—A little girl's love for her dollie last night nearly cost her her life here and as a result she is today nursing a crushed hand and bruised body.

The little tyke is Wilda Telfer, aged 6, residing in Myrtle street, here. She is the daughter of Mrs. Mary A. Telfer.

Last night she was playing in the front of her home with her dollie. A neighbor's dog, playing about the place, grabbed one of the dollie's feet and ran into the street, where a moment later it dropped it. The little girl saw the distress in which her dollie was and immediately forgot all else but the rescue of the "baby."

Wilda ran unthinkingly into the street and directly into the path of an automobile driven by S. L. Upcraft of Santa Clara.

Apparently she realized her own danger, seeing the machine, but her thought for her dollie was uppermost in her childish mind and she took another leap toward the ragged doll.

It was that leap that caused her injury and almost caused her death. Upon seeing her car sharply in an effort to avoid striking the child, but just too late. The front left fender of the car struck the child, knocking her to the ground. Other wheels caught her hand and partially crushed it, inflicting the most serious injury.

Frightened and screaming, the child still seemed to hold her irresistible longing to reach her doll, so with her uninjured hand she reached for it and hugged it to her heart.

Then the little girl swooned. Her mother, hurriedly summoned, was at her side in a moment. A few moments later an examination by physicians showed that Wilda's injuries were not serious, other than the crushed hand.

Upcraft, who was considerably shocked by the accident, was held blameless by neighbors who witnessed the accident.

Hunter's Death Accidental, Says Coroner's Jury

BENICIA, Oct. 7.—Richard Williams of Crockett was exonerated by a coroner's jury here yesterday of blame for the death of George Staton, San Francisco policeman, whom he shot and killed Saturday while the latter was supporting the trunk of the Sacramento river. The jury returned a verdict declaring the shooting accidental. A charge of manslaughter preferred against Williams after he had brought his companion's body here and surrendered to the authorities was dismissed by District Attorney Arthur Lindauer immediately after the inquest.

Williams said that Staton raised from his seat in a boat as he was about to fire at ducks, getting his head in line with the barrel of his gun. Staton, he said, had raised in the boat several times when ducks appeared despite warnings that an accident might occur.

Masons to Celebrate Fiftieth Anniversary

ALAMEDA, Oct. 7.—The fiftieth anniversary of the founding of Oak Grove lodge, No. 215, F. & A. M., will be celebrated by the members on Friday evening. The celebration will take place in Masonic Park street and Alameda avenue, and the committees having charge are preparing an interesting and elaborate program.

The evening will be marked by several special events. The outstanding feature of the affair will be the address by George C. Pades, former governor of California. The stations will all be occupied by the past masters of the lodge, of which twenty will be present. Another feature of the evening will be the conferring of the third degree upon a class of candidates. Following the ceremonies and addresses refreshments will be served.

In addition to the members of Oak Grove, which is the oldest Masonic lodge in Alameda, large delegations will also be present from Woodstock and Apollo lodges, as well as the other Masonic bodies of Alameda and the bay district.

Girl Identifies Body In Venice Mystery

VENICE, Oct. 7.—The body of a man identified by Miss Margaret Fuller of Los Angeles as that of Solomon A. Lewis, formerly of Elk-hart, Ind., to whom she said she was to have been married on November 9, is being held pending an inquest. The body was found in the ocean here. The police and county authorities are trying to determine whether Lewis was slain by robbers, was a suicide, from motives unknown, or whether he was the victim of an accident.

GETS BIG WHALE

SANTA CRUZ, Oct. 7.—The whaler Port Saunders came into port with a whale caught in the bay which measured 36 feet and weighed 95 tons. It was towed to the Sea Products company whaling station at Moss Landing.

CHICAGOANS IN B. C. VICTIMS

VICTORIA, B. C.—A party of Chicago aldermen, touring the continent in the interest of municipal problems, visited this city and Vancouver today. The aldermen expressed interest in the "better housing" act in force here. They were welcomed by city officials.

JEWEL THIEF TO MAKE PLEA FOR COURT MERCY

Amazing Change in Character Marks 'Gentleman Burglar' After Arrest.

SAN JOSE, Oct. 7.—C. A. Wilcox, "gentleman burglar," is to appear today before Superior Judge J. R. Welch on hearing of his application for probation.

Wilcox presents one of the most unusual cases in recent criminal history, police say.

He was arrested several months ago in a local hotel after Stackpole, local jeweler, had missed several articles of value. A search of the man's room revealed three suitcases full of jewelry and watches of all descriptions, the total value of which was believed to be in excess of \$20,000.

At the time Wilcox's wife declared she was "through" with her husband, whom she said refused to support her.

Since that time Wilcox has obtained a new position with another jeweler here, pleaded guilty to the charge of burglary and asked for probation.

Today when he stands before Superior Judge Welch he will tell his story, he says. He will tell of his experiences in many parts of the United States and reveal the hidden reasons that led to his stealing small articles of jewelry from the men by whom he was employed. He believes he can win freedom from sentence for the crime he has confessed to.

H. R. Barwell, present employer of Wilcox, will take the stand, he says, and tell the court why it is that he has faith in Wilcox to make good.

And last, but by no means least, will come the young wife, to plead for the judge for a final chance for her husband, whom she believes is now her greatest comfort and constant support.

The Sweetest Day of the Year!

National Candy Day

Saturday October 8th

"M-M-M," said the calendar man, "so many black days; so few red-letter days." Then his eyes lit gleefully. "Why not," he said, "Why not a universal joy day?" And he wrote a great bright "8" under October to tell the world that October 8th is National Candy Day, the sweetest of all the year.

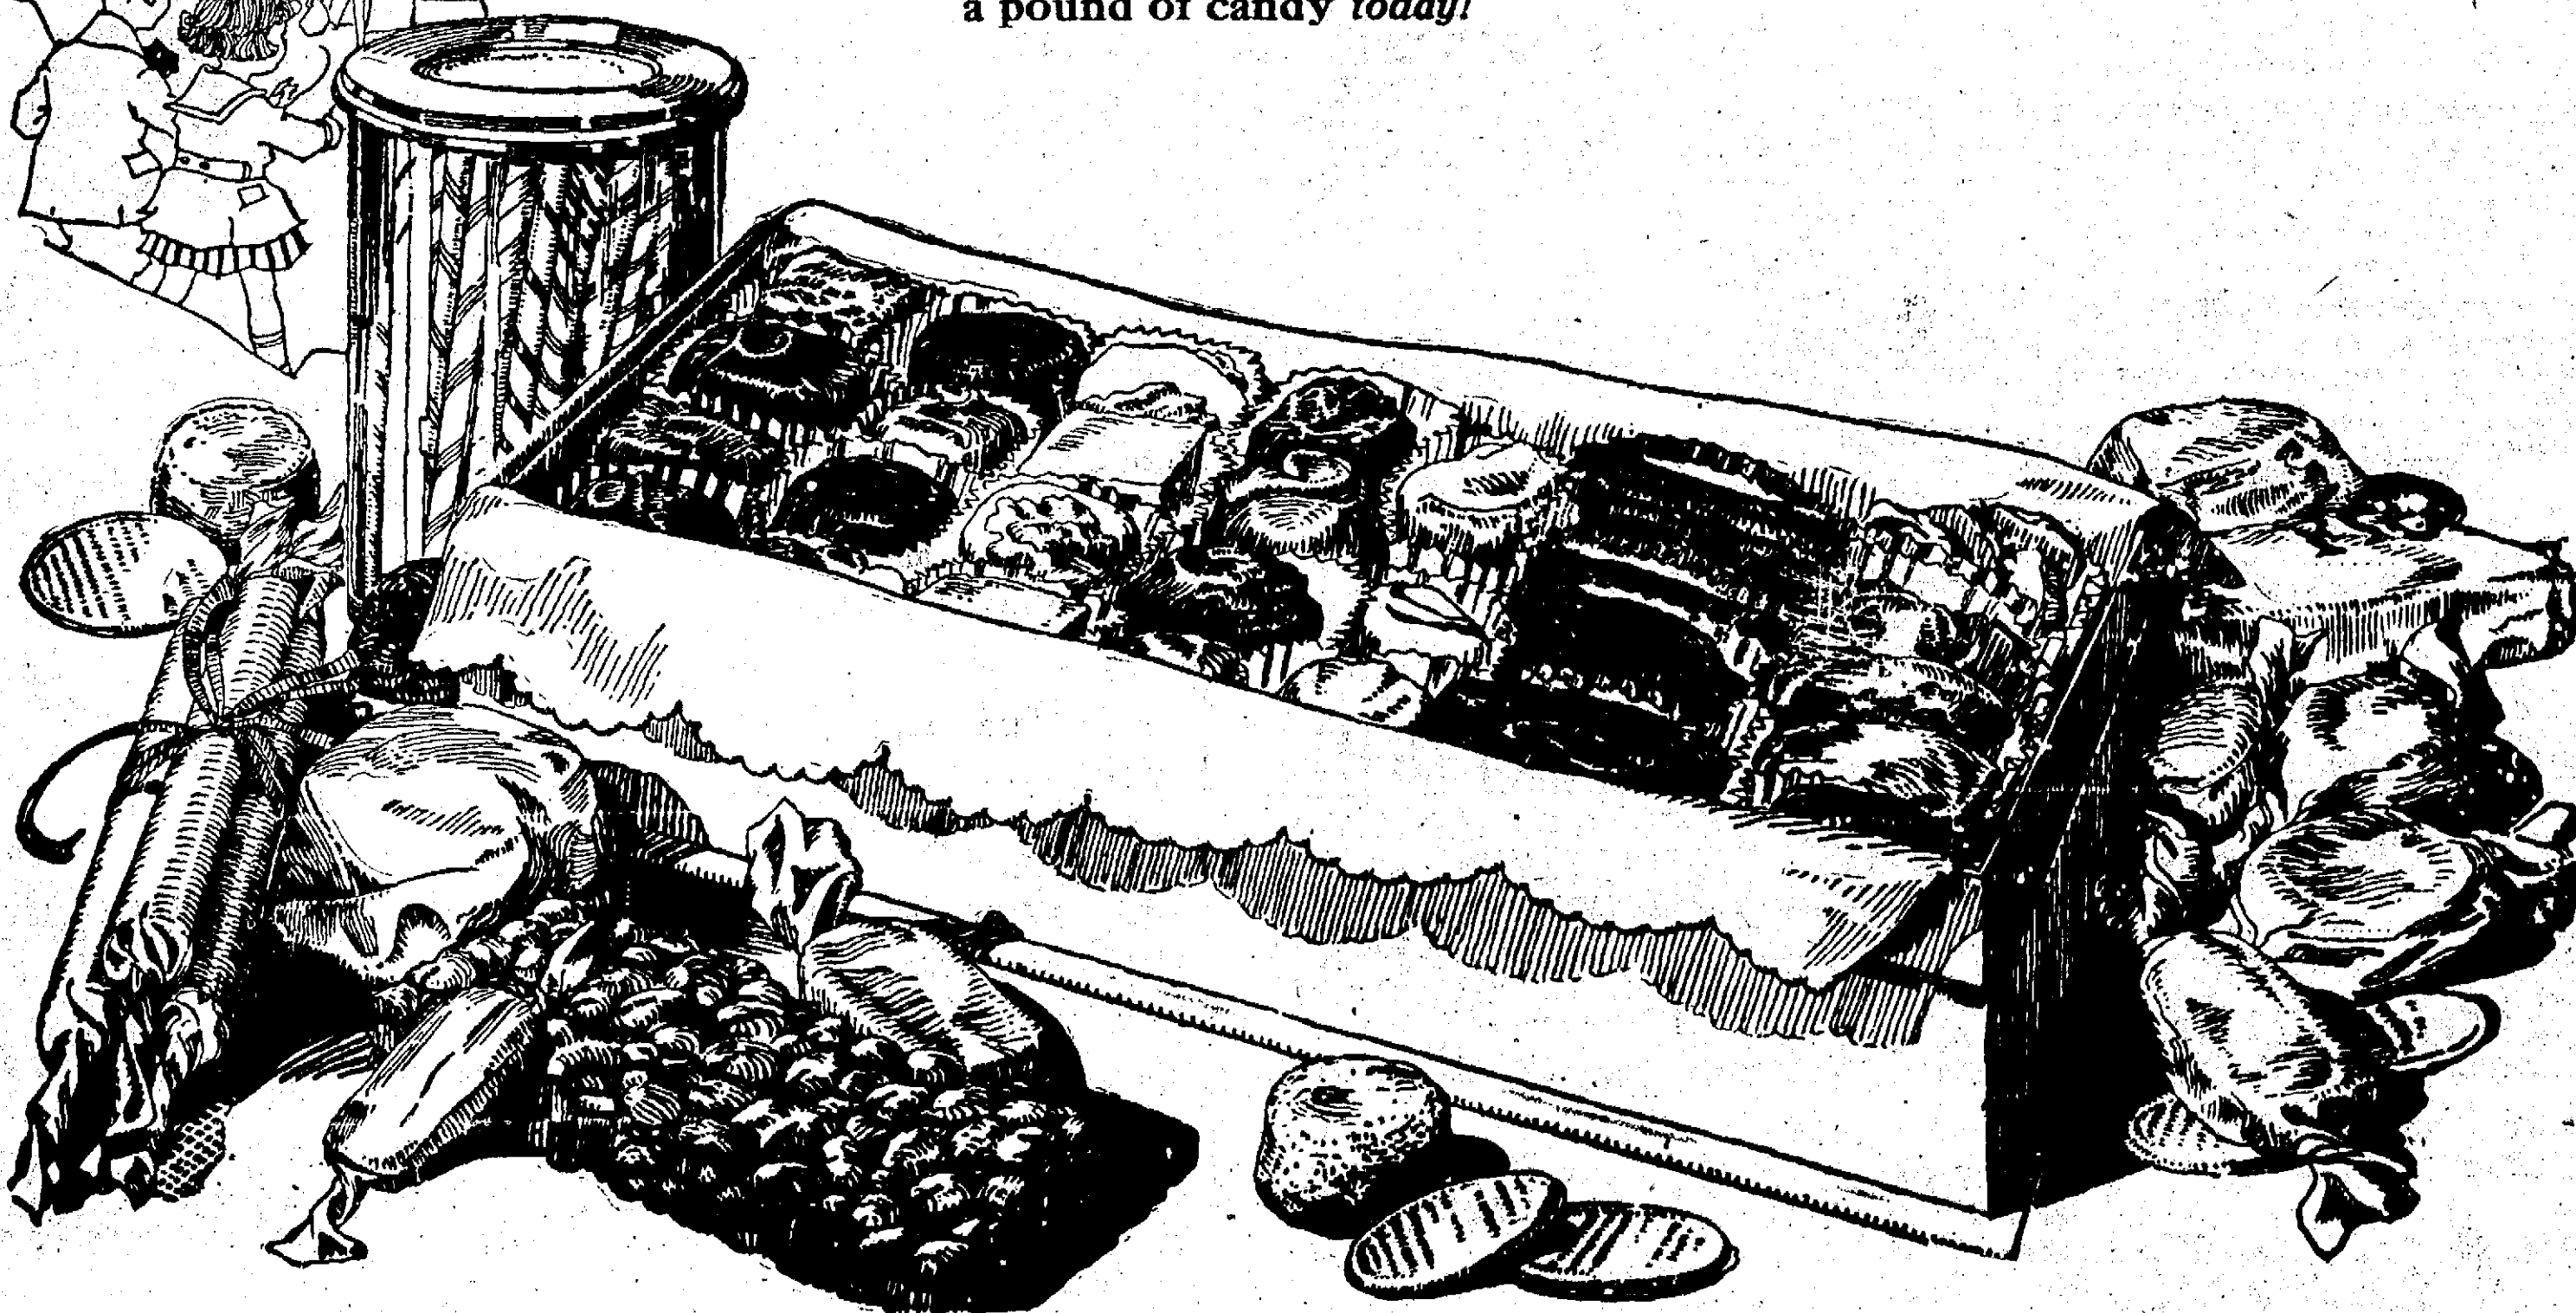

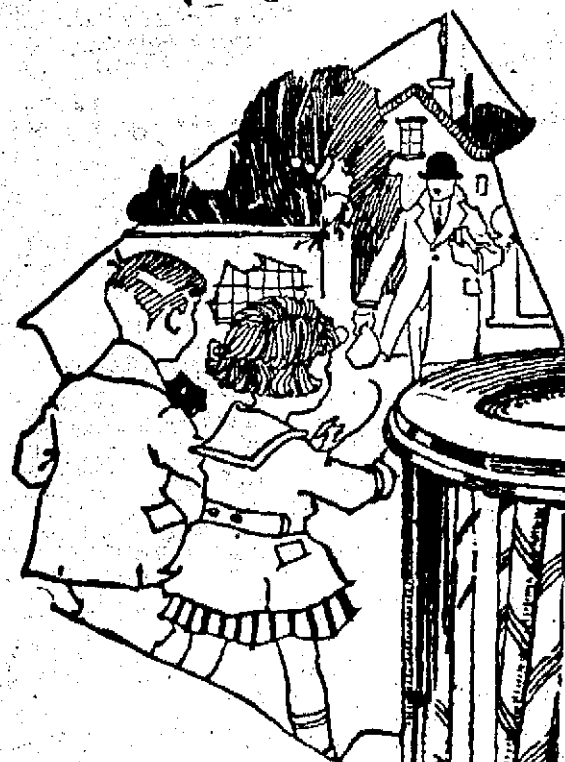

So it came to pass that all over the United States, in every city, town and hamlet, October 8th was proclaimed Candy Day.

Then came the war and a request for the conservation of sugar. Mournfully the calendar man struck off the shining day. This year, Candy Day is back on the calendar again! "The Sweetest Day of the Year" has come to stay. Everywhere people are celebrating this big event by remembering friends, sweethearts and home-folks with the universal gift—CANDY!

Every good dealer in this town is tip-toe to give you delicious Candy Day Confections at fair prices.

Make October 8th the sweetest day of the year for those you love best. They'll be disappointed if you forget. Take home a pound of candy *today!*

BOARD NAMED TO GATHER DATA ON FARMING COLLEGE

Governor Selects Seven Men to Investigate Agricultural School of U. S.

SACRAMENTO, Oct. 7. — The appointment of a committee of seven to investigate the leading agricultural colleges of the United States and report to the governor before the convening of the forty-fifth session of the legislature, as provided in a measure passed by the last legislature was announced at the offices of Governor Stephens.

The following were appointed: G. Harold Powell, Los Angeles; W. S. Bulford, Butte City; Elwood Mead, professor of rural institutions, University of California; James J. Hollister, Gavilan; Samuel G. Mortland, Fresno; Sheridan W. Baker, Santa Rosa, and R. G. Sproul, comptroller of the University of California.

The sum of \$10,000 was appropriated by the last legislature to carry on the investigation. The findings of the committee must contain a recommendation of a plan to improve the state agricultural college.

INDIAN TWINS TO BE CHRISTENED BY CHURCH FOLK

The Mono Indian twins, Julia and Edna Sherman, who have been cared for during the past several months by the Ladies' Relief society, will be baptized at the morning service next Sunday in the First Presbyterian Church of Berkeley. Rev. G. B. Craig of Modesto county officiating.

Miss Julia Fraser, president of the California Synodical society, and Mrs. R. B. Goddard will sponsor the ceremony. Miss Rita Jackson, Indian girl, will hold the tiny maid named in honor of Miss Fraser. Mrs. D. I. Cone, a former teacher in the North Fork Girls' school, where the children's mother was educated, will hold the second infant. According to Mrs. B. S. Edwards, secretary of the Synodical society, the Indian twins will remain with the local relief organization until they are old enough to return to the school at North Fork.

Under the Mono tribe tradition, life must be denied to one of a pair of twins born to an Indian mother, the duty of making away with the child belonging to the grandmother. Otherwise evil falls upon the people. At the birth of the Sherman babies, their mother died. An epidemic of influenza swept the Mono county tribe. The children were rescued by teachers in the Presbyterian school and brought to Berkeley by Miss Mary Brees, a trained nurse. They were placed with the Ladies' Relief society. The Synodical Society of California, a department of the Presbyterian church, carrying on missionary work, has made itself responsible for the Sherman babies.

BURDEN OF ARMS RETARDS WORLD, JORDAN DECLARES

Navy Is Greatest Hindrance to Normal Conditions in U. S., Educator Says.

Dr. David Starr Jordan, president emeritus of Stanford university, spoke in the First Congregational Church last night before the members and friends of the Men's League. His subject was "The Conference for the Limitation of Armaments." In the address, which lasted more than an hour, Dr. Jordan touched upon every phase of world affairs, suggested remedies for what he declared to be evils, and commended that which he said was good.

"The United States government holds a mortgage bearing 12 per cent interest on every industry, large and small, in the United States at the present time," Dr. Jordan declared, "and the interest and burden cannot be shifted as long as 93 per cent of the money collected for taxes goes to new and old war operations. We should be in the worst panic the world has ever known if it were not for two things. The first is the Federal Reserve act, and the second is that it would be silly for the only solvent nation in the world to totter along with the others that are insolvent."

NAVY GREAT BURDEN.

The speaker declared that the redemption of Germany began when her navy was sunk, and declared that our greatest burden now is the navy. He described conditions in Europe at the present time. Our relations with England are friendly, but the interests of the two nations will perhaps clash because both export gold. Shipping rivalry will also obtain. Germany, he declared, is getting down to work on a shipbuilding basis. While France is sacrificing her future to keep Germany down.

"I believe that we have nothing to fear from Japan," the speaker said. "I will begin to fear Japan when I discover the first violation of the Gentlemen's Agreement."

"China is the profiteurs' paradise," Dr. Jordan declared. "Her future depends upon whether or not she can make the open door swing both ways."

IRISH SITUATION.

Speaking on trade relations between the nations of the world, Dr. Jordan said the only solution is the free movement of all products between nations. He declared that his sympathies were with both England and Ireland at this time, and that he believed the solution of the Irish problem would come when England remembered and Ireland forgot the past. Ireland should be given a status somewhat similar to that of Canada, he declared.

"If we cut down armaments we will reduce our expenses and our taxes," Dr. Jordan stated. "We will reduce a dangerous class and eliminate war scares. There is never any lack of danger of war when there are armies and navies. A nation that the shadow without any return goes into war goes into the valley of death. The old motto, 'where nobody is loaded nobody explodes' is a good one."

"We are getting tired of the procession of horrors of being in debt. We'd better off today if the government would take a levy of the capital and pay off our debts and then start all over again. If the conference which begins on November 11 does not settle our difficulties, it will at least indicate to us what they really are."

Oakland Invited to Peanut Candy Party

"Peanut Andy," the Martin M. Hoffman company's famous candy man, is going to have a party tomorrow on the lawn at Fourteenth and Franklin between the hours of 2 and 5. "All Oakland is invited to attend this reception in honor of National Candy Day, and every guest will be presented with an individual package of Hoffman's Famous Peanut Candy," said Mr. Hoffman today.

There will be music by an orchestra of Hawaiian musicians especially engaged for the function. Pretty girls will be on hand to assist the host in entertaining the large crowd which is expected to be present.

National Candy Day, while a new holiday on the calendar, promises to be a red letter one from the plans which have been formed by those sponsoring it. The Martin M. Hoffman Co. has been an active factor in the arrangements made to properly observe the day.

LUCKY FOR KELLY HIS NAME WAS NOT YENHOFSKY

CHICAGO, Oct. 7. — A meek man with downcast eyes, standing beside Mrs. Joseph Yenhofsky, was sentenced to jail yesterday, by Judge Jacobs in Municipal court after Mrs. Yenhofsky had told the court how her husband had beaten her unmercifully. It was not until after sentence had been passed and he had been subjected to a severe lecture that the meek man, Frank Kelly, with Mrs. Yenhofsky's aid, convinced the court that he was not her husband, but was appearing in connection with another case. The court's order was withdrawn.

Miss Saylor's, Inc., Shows Big Growth

Growing from a small beginning, making home-made candy, to a modern daylight factory, and a business extending over the entire South and West, has been the experience of Miss Saylor's Unusual Chocolates, Inc., of 2420 Euclid Avenue, Alameda. The company specializes in high-grade box chocolates, and although established only a year in Alameda, has come to be recognized as one of the leading box companies of California. Orders for their confections have come from foreign countries, thus testifying again to the quality of California products.

WORK BEGUN ON STUDENT UNION BUILDING AT U. C.

BERKELEY, Oct. 7. — After many years of planning, and more than two years spent in raising money to build the first unit of the million dollar Students' Union building, actual work was begun yesterday.

In preparing the site for the laying of the foundations, wreckers were at work razing the veterinary science building, which is the oldest at the university. Today ground will be broken on the cleared site.

The beginning of the work was timed for the week of the birthday of Henry Morse Stephens, in whose memory the building is to be constructed. It is expected that the \$300,000 unit, which is to be the first of three, will be completed within a year.

EDUCATED PUBLIC OFFICIALS HELD OF VITAL IMPORT

Dr. Aurelia Reinhardt Urges Selection of Efficient Men for Executive Posts.

ALAMEDA, Oct. 7.—The need of education for proper development of public institutions was strongly emphasized by Dr. Aurelia Reinhardt, president of Mills college, speaker before the Alameda Rotary club, at Neptune Beach.

The six following points covered the needs of the average Alameda city, according to Dr. Reinhardt:

- 1.—A department of public work, knowing how to build streets and bridges and to care for trees and which would see that the money expended really went into the making of streets and the building of bridges.
- 2.—A department of parks and playgrounds efficiently administered to the need of city residents for open spaces for the children of the city.
- 3.—Men trained in legal knowledge and possessing character as well as business acumen.
- 4.—Men trained in finance to properly handle city money.
- 5.—A public health department maintained along practical and modern lines, capable of adequately caring for municipal health and attending requirements, such as garbage disposal, effect sanitation, etc.
- 6.—Department of education which will fit school pupils to enter municipal employ and do things as they should be done.

A hundred Rotarians and their wives were present at the ladies' night celebration, dinner and dance. J. S. McDowell presided during the dinner and Walter A. Grahm, during the rest of the evening. Dr. Reinhardt was introduced by Miss Virginia Grahm. Those taking part in the program were Miss John H. Morris, Norman S. McDowell, Dr. F. J. Collar, Miss Marie Williams, Rev. C. C. Wilson, D. A. Eberle, C. J. Du Four, Miss Nell Quill and Russell Frank. Dancing followed the speeches and program.

Army Post Unites Separated Friends

One of the many incidents where old friends and acquaintances were brought together through membership in the 104th Infantry, occurred at a recent initiation of new members, when Commander E. C. Parker conferred the honors upon Louis Larkin of the 104th Infantry. Larkin and Parker had been schoolmates and playmates together, and although both men had spent several years in the service, they had not seen each other for 14 years. The present membership drive being carried on by the organization will continue until the last Monday in December.

Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it to its source, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp; rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once and your hair will be full, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work—Advertisement.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Permitt (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises, closed nostrils, stuffy nose, breathing become easy and the mucus stop dripping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial—Advertisement.

"Too Beautiful To Live," Judge Says of Girl

BARBARA LA MARR, movie actress, from El Centro, who eight years ago was declared "too beautiful to live."

But Instead of Dying Reatha Watson Goes to Films to Win Success.

Banished from a city, when she was but 16 years old by a judge who declared she was "too beautiful to live," there is one of the many experiences in the life of Reatha Watson, now Barbara La Marr of filmdom.

This occurred on January 20, 1914, at El Centro, and the girl took the judicial decree at its face value.

Today her fate is her fortune, for she plays an important role in what is said to be one of the greatest screen successes, the filming of "The Three Musketeers," with Douglas Fairbanks as D'Artagnan.

She has married four times in the eight years that have elapsed since her beauty was declared her doom. Her fourth matrimonial venture with Nicholas B. Deely came to the verge of disaster last January through divorce litigation. The matter was later dropped and the couple are now presumed to be living happily at Hollywood.

The "Too Beautiful" girl's career began in 1915 when her father charged Miss Violet Ake, a half-sister, and C. C. Buxley, a friend of the latter, with abducting her. Later it was said that she had been kidnapped and married by a caveman type, whom the bride later described as having "died suddenly with pneumonia."

She later married Lawrence F. Converse, a married man, who explained his bigamous action at the time the marriage was annulled by saying that he was stricken with "matrimonial aphasia" by the girl's beauty.

WOMAN ACCUSES OAKLAND BROKER

Charges that F. E. Porter, Oakland real estate dealer, defrauded her of large sums of money while acting as her agent are contained in a suit for accounting filed by Miss Alice Tully with County Clerk George E. Gross, through Attorney E. L. Berry.

Miss Tully, now a resident of Oakland, is the owner of valuable ranch properties in Merced county which have been handled for her by Porter. The complaint charges that Porter has received as her agent more than \$20,000, and has received from her more than \$10,000 additional, much of which he has appropriated to his own use, and for which he has refused to account to her. It is declared that in January last Porter rendered what purported to be an accounting which was falsified by nearly \$10,000. The statement, it is alleged, showed an indebtedness by Miss Tully to Porter of \$2,674.40, whereas Porter really owes her, it is claimed, more than \$600.

Porter today made the following statement:

"About a year and a half ago Miss Tully asked me, with Attorney John W. Gwilt, to represent her and give us powers of attorney or trusteeship. Later her brother, for whom she had signed a note for \$30,000, was placed in charge of her ranch by her. He ran out of funds and made repeated demands on her for money.

"When his creditors were about to file attachment on her property she asked me to pay off the creditors. I did so and she turned over to me securities to cover it. Later I did this again, and again received securities from her. When the last crop was ready for harvesting I paid off the men, but received no securities this time, though I had her brother assign to her leases on other lands held by him. These leases were worth about \$100,000 to \$120,000. I had paid-out for her. To meet this she turned over the crop to me and I sold it, only to find that the purchaser held a chattel mortgage on it. Miss Tully said she knew nothing of this mortgage but promised to pay me later. She did not do so. I finally told her I would have to bring suit if she did not settle, when, to my astonishment, she sued me.

"My account showing she owed me \$3674 is perfectly correct and my dealings with her have been absolutely on the square."

CHINESE REJECT TOKYO PLANS FOR RULING SHANTUNG

Direct Negotiations Declined by Peking, Which Advises Foreign Ministers.

BY ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE.

PEKING, Oct. 7.—Proposals for direct negotiations relative to Shantung, which were made recently by Japan, are rejected in a note approved by the Chinese cabinet yesterday, according to information in official sources.

The note to Japan attempts to refute all the nine points made in the communication from Tokyo. The message will be submitted to the President, and it is expected, will be handed to the Japanese minister here next Tuesday or Wednesday. The foreign office proposes to

Coaster Needed to Lighten Burdens of Crippled Youth

BERKELEY, Oct. 7.—A little crippled boy of Berkeley wants a coaster or a wagon of any kind and the police department has undertaken to find it for him.

An appeal for the coaster came yesterday from a friend of the lad to Patrolman D. H. Fraser. The boy has a weak back and doctors have warned that unless he stops carrying heavy bundles he will be permanently crippled. Despite the warning, the lad has persisted in working a weekly magazine route, so that he might help support two younger sisters and a widowed mother.

With a coaster the lad can continue earning money without undue exertion and it is for this reason the appeal is made. Offers of coasters will be received by Patrolman Fraser at police station.

Send identical notes to all foreign ministers here, embodying China's reasons for rejecting the plan.

No More Gas in Stomach & Bowels

If you wish to be permanently relieved of gas in the stomach and bowels, take Basilmann's Gas-Tablets. Basilmann's Gas-Tablets are prepared distinctly and especially for stomach gas, and particularly for all the bad effects coming from gas pressure. That empty, gone and gnawing feeling at the pit of your stomach will disappear; that anxious and nervous feeling with heart palpitation will vanish, and you will once more be able to take a deep breath, so often prevented by gas pressing against your heart and lungs. Your limbs, arms and fingers won't feel cold and go to sleep, because Basilmann's Gas-Tablets prevent gas interfering with the circulation; instead drowsiness and sleepy feeling after dinner will soon be replaced by a desire for some form of entertainment. Your distended stomach will reduce by inches because gas will not form after using Basilmann's Gas-Tablets. CANDIDATES GIVEN INDORESEMENT BY S. F. IMPROVERS

Civic League of Clubs Refuses to Approve Woman for Supervisor.

SAN FRANCISCO, Oct. 7.—After a meeting that lasted until 3 o'clock this morning the annual list of candidates endorsed by the Civic League of Improvement Clubs was issued today. The session was marked by cheering and booing and by the intense attitude of the partisans who awaited the results.

When the club refused to endorse Margaret Mary Morgan for supervisor on the ground that the "time was not ripe for a woman supervisor," Mrs. Alfred McLaughlin declared to applause that, "if the time is not ripe for a woman supervisor it is rotten."

Eugene Schmitz and James McSheehy created excitement by declaring to the audience that they had not been endorsed despite the fact that their records showed they had been economical.

The candidates endorsed by the league are: Supervisors—Frank Robb, Charles P. Adams, Angelo J. Rossi, Ralph McLeran, Fred Suhr, Frank C. Tracey, Fred L. Hillmer, James B. McSheehy, John McInerog, Recorder—Edmund C. Colahan, Public administrator—William J. Hynds.

Police Judge—S. J. Lazarus, D. S. O'Brien.

City attorney—George Lull.

City treasurer—John E. McDougald.

Tax collector—Edward R. Bryant, Board of education—Helen Sanborn, Mary Prag, Maude Stot, Alice Rose Powers, Alfred Esberg, Alfred Dohrmann, Daniel C. Murphy.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking for any drug store for "Wyett's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.—Advertisement.

San Francisco News

MAN AND HOTEL CLERK INVOLVED IN ABANDONMENT

SAN FRANCISCO, Oct. 7.—The case of Thomas Wakefield, arrested here yesterday on a charge of wife abandonment, will come up before Judge Lazarus next Tuesday. The case of Shirley Burlingame, hotel clerk, accused of withholding information from the police concerning Wakefield's whereabouts, will also come up on Tuesday. Wakefield is said to be defendant in a separate maintenance suit brought by his wife before Judge J. M. Traut. He is said to have disappeared several days ago, leaving his wife without funds, whereupon his wife swore to a warrant for his arrest, charging him with abandonment.

Schools May Hire Doctors Or Pupils

SAN FRANCISCO, Oct. 7.—An union has been handed down by Attorney General U. S. Webb to the effect that physicians, dentists, oculists and experts of a similar nature may be hired by school boards throughout the state. With the consent of parents these experts may examine and treat pupils in the public schools, according to the opinion.

Archbishop Hanna Returns From Trip

SAN FRANCISCO, Oct. 7.—Archbishop Edward J. Hanna is in San Francisco again, following his trip to Washington, D. C., where a conference was held by the American hierarchy of Catholic bishops and archbishops. On his return the archbishop declared that tomorrow's leaders of the nation, the strong men of the country, are in the country rather than in the city.

S. F. CHAMBER ASKS REDUCTION IN ARMAMENT

SAN FRANCISCO, Oct. 7.—The San Francisco Chamber of Commerce, through its board of directors, has passed a resolution urging drastic reduction of military and naval expenditures. The resolution was sent to President Harding with a statement that a 50 per cent reduction in armament would mean the release of at least \$4,000,000,000 for trade.

Pacific Fleet Unable To Visit S. F. Oct. 12

SAN FRANCISCO, Oct. 7.—In a telegram to Mayor Ralph, Secretary of the Navy Denby gives two reasons why it will not be possible for the Pacific fleet to come here to participate in the Columbus Day exercises. The reasons given are limited appropriation for fuel, which necessitates restriction of steaming, and the fact that the battleship force will be engaged in important tactical and gunnery exercises on October 12.

INTOXICATION DENIED. John Petty and Arthur Schram, each charged with driving an automobile while intoxicated, pleaded not guilty in Judge Samuels' court yesterday.

Brothers Hold Bride Prisoner, Court Is Told

SAN FRANCISCO, Oct. 7.—A writ of habeas corpus has been granted by Judge Graham following the appeal of Joseph P. Cato, 214 Haight street, who declared yesterday that his bride of one week had been held a prisoner by her brothers, John, Chris and Henry Hartman, in the Hartman home on Shotwell street. He told the judge that they beat him and kicked him out of their house when he went there and attempted to recover his bride.

\$500,000 SPENT IN S. F. ON OPERA

SAN FRANCISCO, Oct. 7.—Music lovers in this city so far this year have spent approximately one-half million dollars in attending local grand opera performances, according to figures compiled by Frank Hickey. The 1920 census gave San Francisco a population of 506,676, which means that nearly a "dollar a head" was expended in admissions to the opera. The box office receipts for eight performances recently staged at the Civic Auditorium by the Scotti Grand Opera Company totaled \$200,000. The two weeks' engagement of the Chicago Grand Opera Company last April recorded receipts amounting to \$250,000, while \$50,000 was spent in admissions to the San Carlo Opera Company's performances at the Curran theater last January. The largest amount ever received for a single performance was \$30,552.50 for "Madame Butterfly," in which Geraldine Farrar sang the title role.

Relief Plans Laid By Salvation Army

SAN FRANCISCO, Oct. 7.—Plans and means of handling relief work are being discussed by the Salvation Army, which organization is now holding its first social conference in the west. The conference assembled yesterday in Wesley hall, on McCoppin street. Commissioner Adam Gifford called the session to order.

BIGAMIST ON PROBATION. Pardon for two years was granted to Louis Greenwell, confessed bigamist, by Superior Judge George Samuels yesterday. Greenwell was charged with being married to Lorena Chase, 20-year-old Oakland girl, on May 1 last, although already married to Mrs. Katherine Greenwell. He pleaded guilty and declared he was intoxicated when he married Miss Chase.

50,000 ATTEND INDUSTRY SHOW ON TRIBUNE DAY

Merry Hours Spent by Young and Old On Amusement Devices At Idora Park.

It's gone—TRIBUNE day at the Eastbay Industrial Exposition at Idora park. Gone, but not forgotten; it will live for years in the minds of the 50,000 or more persons who attended the exposition yesterday as guests of The TRIBUNE and had the times of their lives. The day ended late last night, after the last of the numerous entertainments, put on by The TRIBUNE for the youngsters and older folks alike, closed, and a throng of happy, joyous sightseers trooped to their homes, tired but happy, and thoroughly satisfied with the day. From early morning yesterday until late, when Idora park was finally shut down for the night, hundreds of persons presenting their little red bits of pasteboard, distributed broadcast by The TRIBUNE, and passed through the gates seeking amusement and thrills. And they were not disappointed, as any one will testify that was there. The TRIBUNE spent thousands of dollars and went to endless pains to see that everyone had a good time.

It was the day The TRIBUNE played the host. Two troops of Boy Scouts, officially assigned to duty at the Exposition, handled the crowds, hunted up and returned lost children to their parents and did sundry odd jobs in true Scout fashion, rendering the most valuable assistance possible to the park officials and exposition heads who had charge of the day.

There were two star vaudeville entertainments by The TRIBUNE Juveniles, one in the afternoon and one at night, and a packed tent greeted the kiddie actors every time they made their appearance behind the

Americans Put Half Billion in German Marks

(By United Press)
NEW YORK, Oct. 7.—Americans have invested a half billion dollars in German marks, according to authoritative information obtained in banking circles here today. Should the German currency ever reach its pre-war value of 24 cents, a new group of millionaires will be created. Unless steps are taken to stabilize the markets, bankers fear that these dreams of millions may be shattered, however, and that investors may face losses instead of gains.

PRICE OF BAKERY GOODS CUT IN S. F.

That there will be a drop in all bakery products in San Francisco next Monday was made known today in a statement made by William M. Foley, secretary of the California Bakery association. All standard bakery products will drop 1 cent; buns will be cut 2 cents a dozen. The 24-ounce loaf of bread will be reduced from 15 to 14 cents for delivery trade. The cash and carry price will be 13 cents; and doughnuts will be reduced to 20 cents a dozen. The drop of prices in Oakland is now under discussion, but as yet nothing definite has been decided.

HIKING CLUB PROGRAM. The California Alpine club will visit Stevens creek and Castle rock this week-end, leaving via auto bus at 2:30 p. m. Saturday for Palo Alto and Monte Vista. Sunday night's camp will be made at Stevens creek and Sunday 17 miles will be covered along ridge and creek to Castle rock, thence to Congress Springs. This is the last overnight trip for the season, and is to be made under the leadership of William Mackay.

Be Suspicious of Tender Gums

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhea—an insidious disease of the gums that destroys the teeth and undermines bodily health.

Gradually the gums become spongy. They inflame, then shrink, thus exposing the unnamed tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system.

Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhea.

They are now known to be a frequent cause of indigestion, anaemia, rheumatism, and other serious conditions.

So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhea (Rigg's Disease) if used in time and used consistently.

And in preventing Pyorrhea—it guards against other ills.

Forhan's For the Gums cleans teeth scientifically as well. Brush your teeth with it. It keeps them white and clean.

Brush Your Teeth With Forhan's—How to Use It
Use it twice daily, once in the morning and once at night. Wet your brush in cold water, place a half-inch of the refreshing, healing paste on it, then brush your teeth up and down. Use a rolling motion to clean the crevices. Brush the grinding and back surfaces of the teeth. Massage your gums with your Forhan-coated brush—gently at first until the gums harden, then more vigorously. If the gums are very tender, massage with the finger, instead of the brush. If gum shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

Daily ALMANAC

by A. J. Schuster

FRIDAY, OCTOBER 7.

William S. Johnson, father of the bar in Connecticut, who did not live to see the bars all chased out of that state, was born in 1727. Caesar Rodney, a statesman, the only one we know of who bore the name of Caesar, was born in 1728. He was a signer of the Declaration. Let us now turn to 1747 when Ebenezer Zane, famous because he founded Zanesville, was born. If you don't care for that, skip way up to 1831, when there was born Eleanor Kirk Ames. She was the one who published a magazine called Eleanor Kirk's Idea and anyone could get her Idea by paying the subscription price. In 1871 there was a great fire in Chicago.

Last night as we wandered down the path that leads to our country manor we ran smack up against a wildcat. It was our first experience with a wildcat and something told us that the occasion was one for diplomacy, ingenuity and speed. The cat blocked our way and approached growling and shooting sparks from his eyes. In the brief moment we had for action we could think of nothing but the sack of potatoes we had under our arm and to those potatoes we owe our life today. Taking a potato we tossed it in the direction of the wildcat. He ran to it and investigated, sniffing ferociously with one eye cocked at us. Then he returned to the main object of his displeasure. For a quarter of a mile we edged along the path tossing potatoes at the right moments and each time the cat would halt in his felonious (or is it felonious?) approach and go sniffing at the spud. Then, however, the bag was getting low!

At this stage in the narrative our hero—for we had become such—took the remaining two potatoes and tossed them both at once. The wildcat was non-plussed. While he stood hesitating, trying to decide which one to investigate, we made our flight up the path. It was a narrow escape!

The small boy who retrieved the potatoes for us said that the wildcat's name is Tubby and that she is quite the favorite at the inn.

The unseen eye of the invisible empire is considerably blackened of late.

Still some folks would even be a Ku Kluxer for the chance of getting in on a parade.

THE CONVICTIONS OF ARCHIE.

Yes, Sir! Of three things have I become convinced, after years of wandering through this maze: That Fred is the straw that broke the camel's back of industrial stability. That a dollar doesn't go as far as it used to, but it still needs a guide to find its way back. That the early bird catches the worm—sleep. ARCHIE.

THE GIRLS MAY STILL MAKE A FLASH WITH FACE POWDER.

If this flashless powder comes into general use a lot of newspapermen will resign before they will quit writing of "the flash of the gun in the dark."

A contest of two Pennsylvania men who will seek to determine which can consume the most soup promises to be a grueling affair.

Wednesday's paper may be consulted for verification of the fact that a Berkeley singer whose name was Noy has married a man named Tuell.

But the gentleman who says that laughter has gone out of style hasn't a baby in the house.

And now the world series runs its weary way. And pretty men are fighting to see who won today.

What we have always regarded as the finest thing about the world series is the newboy at Twelfth and Broadway who yells out "Extra! Extra! All about the world series."

Chips on the Block

by Robert Quillen

An army of unemployed is usually recruited by General Apathy. Another surprise in store for the bride is the discovery that men commonly wear socks containing from three to seventeen holes. Some women work hard for a living, and some never get married. Free people: Those who licked the people who called them rebels.

One good way to curtail armament would be to hire plumbers to build the battleships.

Let disarmament come while America still rejoices in the conviction that she can't be licked.

It is difficult to understand why a man should saw his way out of jail in times like these.

You can trust some men, but the man who says his word is as good as his bond isn't one of them.

What has become of the old-fashioned boy who had freckles and a missing tooth and a cowlick?

You can't tell how many embryo Socialists there are in America until you know how many jobless men there are.

Out in the rural sections you occasionally see a complexion that reminds you of a poet. It is born, and not made.

You can get a permit to put up 200 gallons of fruit juice, provided you don't make it fit for beverage purposes.

The divorce evil probably makes life burdensome for the life insurance clerk who has to change the names of beneficiaries. Progress is merely a matter of overcoming the opposition of those who are getting a fat profit under the established system.

Mr. Justwed: Now that I'm a married man I'm going to strike the love for a rule, and I guess I can bring home the bacon.

His wife: But, honeybunch, I don't like bacon so very well. Can't you bring home some squal and murehrooms instead?

Great American Hon: You're a very laugthy person—quite unfamiliar with my eye—record. I can see Last Surviving Great Auk: I put the auk in auction as to egg prices, my dear madam—my last production brought \$2000 at public sale.

MIGHT BE EMBARRASSED.

Wife: This is a very sensible dress.

Hubby: Hope it's not sensible of all the attention it attracts!

NEW RAPID-FIRE FIGHT STORY TO START SUNDAY

Tribune Secures Rights to the Latest Fiction of Brilliant Octavus Roy Cohen.

"The Path of the Hurricane," a rapid-fire fight story, is the next serial fiction feature of The Oakland TRIBUNE. The author is Octavus Roy Cohen.

Octavus Roy Cohen is one of the most brilliant fiction writers in America. Still under 30 years of age, he has a long line of successful plays, books and stories to his credit, including "The Crimson Alibi," "The Other Woman," "Polished Ebony," "Gray Dusk" and "The Scourge." His darkey dialect stories published in the Saturday Evening Post are famous.

In "The Path of the Hurricane" he has written one of his strongest short novels. The story will start in the magazine section Sunday and run through the following week, concluding before the week is out.

Still another famous young author is represented in The TRIBUNE magazine Sunday, in the person of F. Scott Fitzgerald. A couple of years ago Fitzgerald was a student at Princeton, apparently unknown and unknown. Today he is welcomed as one of the most promising fiction writers of America. His story Sunday is "The Jelly-Bean," having to do with young people and college atmosphere, in which he is at home. This story is complete in the Sunday issue.

Other Sunday fiction offerings will include "From Now On," by Frank L. Packard, "Mystic Isles of the South Seas," by Frederick O'Brien, and "The Bride of Mission San Jose," by John Augustine Cull.

ONLY BABIES SURVIVED.

CALCUTTA, Oct. 8.—Of the hundreds of inhabitants living in five villages recently swept away by floods in Malie district only three babies survived. They floated on a raft fifteen miles to Karachi and were nearly dead when found.

Tribune Issues Only Eastbay Extra With All Details of Game

The OAKLAND TRIBUNE World Series Extra is the only special edition issued in the Eastbay with the complete box score and description of nine innings of the New York games.

Yesterday saw a sensational eighth-inning, when the Yankees scored two runs. THE TRIBUNE EXTRA, ALONE, GAVE THE FANS A DESCRIPTION OF THIS INNING.

The TRIBUNE World Series Extra carries complete box score and full description of nine innings.

Highways Being Built to Oregon Mammoth Caves

GRANTS PASS, Ore., Oct. 6.—(United Press).—The Oregon Caves, 30 miles south of here, may be reached next season by automobile. Word has been received from the Road and Trails Division of the United States Forest Service, Washington, D. C. that a road is to be built to the Caves.

Kivaline in picturesqueness, the Josephine County Caves have been visited this season by more than 2000 tourists. These sightseers have come to the Caves, despite the five miles of "hiking" now necessary.

The discovery of the Oregon Caves was accidental. While hunting in 1874, Elijah Davidson wounded a bear at the top of the mountain overlooking the caves. It rolled and crept 5000 feet down to the lower entrance and there took refuge. Davidson followed.

The labyrinth of chambers ranges from a few feet in size to others of great dimensions. Impressed by their beauty, Joaquin Miller, the "Poet of the Sierras" named them the "Marble Halls of Oregon."

Two miles down the mountain, a sparkling stream of water tumbles out of the internal darkness and plunges down a rugged canyon. The tourist enters the cavern over a ladder mounted on a narrow shelf above the stream and then follows a twisting passage. Then the adventurer reaches "Old Nick's Bedroom," a low, rugged room in which his Satanic Majesty is supposed to repose.

Following more passages, the visitor arrives at "Joaquin Miller's Room," named in honor of the famous poet. This room has a marble basin lined with frost-like crystals and filled with clear, cold water. Continuing through the corridors the sightseer enters the "Ghost Chamber," at least 350 feet long, 150 feet wide and 100 feet high. The first glance reveals numerous ghostlike white figures, which, on closer inspection, are disclosed as massive columns of stalactite and stalagmite grown together.

But the most wonderful spectacle in the entire labyrinth is a circular chamber at the eastern end of the "Ghost's Chamber." Ascending a ladder, the visitor enters a room which is not over 25 feet in diameter and about 200 feet in length. Every foot of the wall is covered with clusters of crystallized carbonates, resembling great, snow-white swans in upward flight.

The government has made the Oregon Caves a national park. Guide service is free.

HUBBY IS PARSIMONIOUS.

CHICAGO, Oct. 6.—Five years of married life without a single new dress and no furniture except a bed and table was enough for Mrs. Selma Scully. On the fifth anniversary she sued Robert Scully, having an income of \$4000 a year, for divorce. Mrs. Scully also charged her husband with cruelty and said he was the most parsimonious man she had ever met.

PROSPERITY IS AHEAD, DECLARES U. S. BANK MEN

Cheerful View of Industrial Situation Taken At L. A. Convention.

By CHARLES E. HUGHES, International News Service Staff Correspondent.

LOS ANGELES, Oct. 7.—The "blue funk" that prevailed in the commercial world eight or nine months ago is now a thing of the past.

There has been a decided change in the mental attitude of the nation's leaders who keep the wheels of business humming.

Confidence is rapidly being restored in every section of the United States.

The armies of unemployed are gradually being put back to work and before long more idle toilers will have returned to factory and bench. No one is going to be more plentiful. Interest rates will be lower. Liberty bonds are going to rise in value from now on.

The above observations constitute a consensus of opinion of the 3500 bankers who have been in attendance at the forty-seventh annual convention of the American Bankers' association, which concludes its sessions today.

PROSPERITY SEEN.

Francis H. Sisson, vice-president of the Guaranty Trust company of New York, and John G. Lonsdale, president of the National Bank of Commerce, in St. Louis, two of the most widely known of American financiers, analyzed the trend of events and the opinion of the convention for the International News Service. Sisson said:

"The bankers who came to Los Angeles here to better than any other group of American businessmen can possibly have of the actual conditions of the country. They have been on the firing line since the outbreak of the war. They have had to bear the staggering load of financing America's industry."

"These bankers, during the last four days, have exchanged candidly and frankly discussed conditions at home. They have recounted the dawning of a great era of prosperity."

EASIER MONEY.

"There will be easier money, lower interest rates, good progress in liquidation, a better movement of goods in stores, the railroad situation will improve, banking will be on more sound and better reserves will increase, loans will decrease."

"In addition to the above forecast it might be stated that America's foreign trade will grow for foreign opportunities are becoming better every day for the American exporter."

Lonsdale, the president-elect of the national association of the bankers' organization, said:

"This convention has been a great factor in America's business life. In personal contact with each other and through the official conferences the delegates have learned that confidence is now stronger in every state. The unemployment situation is clearing up, the farmer, manufacturer, merchant and professional man will soon see better days."

RAISE TAX BURDENS.

LIGHTENING OF TAX BURDENS is another big problem remaining to be settled is that of taxation. Once this is lightened, then any restrictions on industry will be lifted and we will see old-fashioned boom days."

At the closing session of the convention today Professor Donald McFadden of the University of Nebraska, and Judge Charles E. Moore of New York, delivered addresses. The newly elected officers who were installed are:

President, Thomas B. McAdams of Richmond, Va.; vice-president, John H. Fuchler, of Milwaukee.

DIVISION OFFICERS.

Three divisions elected these officers:

Clearing House Division—John G. Lonsdale, Chicago, president; James Ringold, Denver, vice-president; T. J. Hartman, Tulsa, Okla.; Alexander Dunn, Pittsburgh; and Francis Coates, Cleveland, executive committee.

National Bank Division—John G. Lonsdale, St. Louis, president; W. E. Newcomer, Boston, vice-president; P. J. Johnston, New York; W. C. Wilkinson, Charlotte, N. C.; John Crutcher, Chicago; and A. J. Wall, Olympia, Wash., executive committee.

Savings Bank Division—Raymond Frazier, Seattle, president; Samuel K. Beach, Rome, N. Y., vice-president; S. N. Hawley, Bridgeport; George E. Brock, Boston; and Alvin Howard, New Orleans, executive committee.

WAVE OF MONEY SPENDING HITS MEXICO CAPITAL

MEXICO CITY, Oct. 7.—Many ideas from New York, Paris and London have been brought in Mexico City in connection with the centennial celebration.

Many shops and hotels now have footmen in uniform at the door, and pages—mitras of boys about as big as large peanuts—attired in red, green or blue.

Automobiles contain vases filled with flowers and all of the newest embellishments demanded by fashion or devised by ingenious builders.

While some of the officials cling to the Jeffersonian simplicity of revolutionary fathers and walk or ride in a small car with a familiar name, there is a fast-growing tendency toward display.

Much of the new life in Mexico City is due to the increasing number of Americans, who are to be seen everywhere. There are Americans here of every description, rich and poor, honest and otherwise.

In the crowd of Americans are numerous promoters, who have for the present turned their attention from oil wells and silver mines to land-selling projects. Real estate men warn Americans who come to Mexico to buy land to make inquiries about land areas before entering into negotiations with them.

Land is cheap here in most places but some of the land would be high at any price.

The area of Alaska is approximately one-fifth of that of the rest of the United States.

LEGION POSTS OF COUNTY GATHER AT HAYWARD BALL

Greater Interest in Chamber of Commerce Urged by Secy. Armstrong.

HAYWARD, Oct. 7.—Tonight six posts of the American Legion, all located within Alameda county, will send representatives to Hayward to join with the local organization in celebrating its second anniversary.

Representatives of the various post auxiliaries are also expected and the event in the Bank hall bids fair to be one of long lasting renown. Every legionsaire and waitress in Hayward is prepared to extend the glad hand to the expected visitors.

The festivities will commence at 8 p. m. promptly and all guests are expected to arrive well in advance of this hour. No time has been set for the close of the ball. There will be something doing every minute. The Hayward Post is two years old tonight and the birthday party planned is worthy of the name.

A large attendance at the regular monthly meeting of the Hayward Chamber of Commerce tonight at the headquarters on Castro street is urged in an announcement by Secretary J. B. Armstrong today. Many matters of importance affecting the local business men are scheduled to come before the body. The falling out of the attendance at these monthly meetings is a regrettable fact. Armstrong says, Hayward merchants are called upon to show a more lively interest in the organization, which is working for their benefit.

The Hayward Union High School eleven met the Fremont High of Oakland on the local gridiron at 10 o'clock this morning. A large crowd of local fans was in attendance at the opening of the game. Both teams entered the game full of "pep."

Rehearsals of the play "The Man From Mexico," soon to be staged in Hayward by the American Legion, are scheduled to begin shortly, according to an announcement today by Captain Archie Stephens, who has the assignment of parts in charge. Charles F. Sorenson, a leading historic light of the local post, has been given one of the principal roles. The casting of the play will be completed by the early part of next week, it is thought.

The play will be given to swell the fund recently begun to provide the Legionnaires with a suitable clubhouse and equipment. It will probably be staged at the high school auditorium.

A Koverall party in honor of the eleventh birthday of Dorothy Turner, daughter of Mr. and Mrs. L. M. Turner, is in progress at the Turner home on the Mt. Eden road here today. Twenty-five little girl playmates and five little boy escorts have been invited to share the birthday pleasures of the young hostess.

RICHMOND-ALBANY BUS LINE PERMIT CASE CONTINUED

Granting of Permit Opposed by Two Companies; Decision Oct. 15.

RICHMOND, Oct. 7.—After an all-day hearing in the applications of Gus Eppson, William Walcott and Randolph Barie for permission to run a bus line from Richmond to Albany the case was continued until October 15.

The San Francisco-Oakland Terminal Railway company and the Western Motor Transport company opposed the granting of the permits, stating that there was at present adequate service being furnished between the two places at a cheaper rate than the bus line.

City Attorney D. J. Hall, representing the petitioners, argued that public necessity and convenience demanded the bus service.

Five Hurt When Auto Skids and Goes in Ditch

SAN JOSE, Oct. 7.—Two men and three women sustained minor cuts and bruises last night when an automobile in which they were riding from San Francisco to this city skidded from the state highway near Mayfield, just south of the present detour there, and overturned, throwing the occupants from the car. None were seriously hurt.

The five were Marshall and Henry A. Lohman of San Francisco; Miss Christie Merritt, Miss Florence Mercer and Miss Violet Specht, all of San Francisco.

The party was joy-riding from San Francisco to this city, whence they were to return last night. All was smooth sailing until the Mayfield detour had been passed. Then, following a brief stop, it is said, the car swerved from the highway and a moment later, striking a ditch at the side of the road, it was overturned.

All of the occupants were thrown from the car, landing in various directions in the ditch. The top of the car saved the machine from turning completely over and possibly crushing some of the occupants.

TOO HOT BEEF CALLS FOR AID FROM FIREMEN

BERKELEY, Oct. 7.—It took a company of fire fighters to conquer an overheated piece of roast beef yesterday at the home of P. S. Cook, 2425 Prospect street. When neighbors saw smoke issuing from the kitchen they turned in an alarm. The firemen opened the oven door, seized a blackened piece of meat, and after applying a bucket of water, departed.

MOTHER'S COOKIES

Rich -- Fluffy -- Delicious

No cake is better than the ingredients of which it is made. The reason Mother's Cake is superior in quality to the usual "hough" cake is because it contains the same pure materials any housewife would use in baking—fresh ranch eggs, milk, real sugar, shortening and cake flour.

There are six varieties of Mother's Cake: Gold, Silver, Marble, Raisin, Nut and Chocolate. Each package will make six good slices, and the cost is but 15c.

Mother's Cake is sold by grocers everywhere. Guaranteed to be fresh when you buy it or money refunded. Order a trial cake from your dealer. One taste will prove the quality.

EUROPE'S DEBTS LIKELY TO BOB UP AT CONFERENCE

Harding and Hughes Seek to
Have Discussions Kept to
Disarmament.

By GEORGE R. HOLMES,
International News Service Staff
Correspondent.

WASHINGTON, Oct. 7.—Despite the known opposition of President Harding and Secretary of State Hughes, the belief is growing in Washington that it will be impossible to keep out of the forthcoming disarmament conference the question of Europe's paying to the United States the ten billion dollars borrowed during the war.

President Harding and Secretary of State Hughes do not want to see the debt question injected into the conference. They believe that the conference has more than enough to do as it is confined to the primary purposes for which it was called—limitation of armament and pacification of controversies in the Pacific and East.

There is a growing group in congress, however, who want Europe to settle with the United States or at least to state when settlement may be expected.

MELBOURNE, Australia, Oct. 7.—Premier Lloyd George has cabled to Ambassador Geddes at Washington that he cannot attend the forthcoming conference on armaments. Premier Hughes of Australia read the cable in the House of Representatives.

Hughes announced that Arthur James Balfour and Lord Lee would be two of the British delegates to the Washington conference. The British government has been named, but no other delegates have been named. It is expected that the British government will be represented at the arms conference, but it is not yet decided whether it will be represented at the State Department.

The American government has tried all through the negotiations to arrange for the conference to make it possible for the British dominions to be represented in the Washington conference on limitation of armaments and far Eastern questions, it was declared today at the State Department.

The American government, however, did suggest to Great Britain that the size of the delegations to the conference be placed at five, six or seven, in the view of giving Great Britain enough room in her determination to have dominion representatives.

Candy Comany Fined Under Pure Food Law
The Pig and Whistle Candy Company was fined \$25 today by Police Judge Edward J. Tyrrell after being found guilty yesterday on two charges of violating the State Pure Food act. The company, according to H. B. Helzer, food inspector for the State Board of Health, failed to have its exhibit sign stating that some of their syrups were artificially colored. The employees testified that the signs had been taken down while the mirrors were being washed.

Judgment Is Given Man for Injuries
MARTINEZ, Oct. 7.—Domestic Salmeri of Torrey obtained a judgment for \$130 in Superior Judge A. B. McKenzie's court today against Joseph Hernan for hurts he suffered February 20, by being struck down by a machine owned by Hernan and operated by George M. Martin. The judgment represented funds Salmeri had expended for care of doctors and time lost in his employment. He asked damages of \$3000. He claimed to have suffered a wrenched shoulder and leg.

WEASEL IN HER BED
ADRIAN, N. D., Oct. 6.—When Mrs. Frank Dearlove retired she was attacked by a weasel that had crept into her room. The men whom she summoned to protect her were badly bitten before the animal was killed.

Rich Have Most Germs Says Microbe Scientist

PARIS, Oct. 7.—A furor has been caused in multi-millionaire circles in Paris by the grave assertion by two eminent savants that the avenue du Bois de Boulogne, flanked by beautiful mansions and bordering the world's finest park, is the unhealthiest street in Paris.

The two scientists have a passion for germ-discovering. First they visited Square Drouot, where police records show traffic congestion. Here they counted 60,711 virulent microbes in 35.31 cubic feet, their standard of measurement being the cubic meter.

Satisfied of the danger of living in congested districts, they next went to the Champs-Elysees, region of the rich.

Germany to pay the equivalent of seven billion gold marks in the next five years. First reports indicated the agreement would run but three years, but it is found upon examination of the pact that it does not expire before May 1, 1926.

It is expressly stipulated that all deliveries shall be devoted to the reconstruction of devastated regions in northern France.

WOMEN BIG AID TO MOONSHINERS AGAINST AGENTS

By International News Service.

HUNTINGTON, W. Va., Oct. 7.—The West Virginia mountaineers and moonshiners may not be long on education but they are certainly endowed with plenty of shrewdness and ingenuity to offset whatever they are lacking in book learning.

For years it has been a battle of wits between the mountaineer moonshiners and the "revenuers." More often the mountaineers win.

Federal officers, returning to headquarters here from a tour through Lincoln county during which they seized 2,000 gallons of moonshine whisky, report much maul, nine stills and a quantity of discouragement over a code system put into use by the mountain moonshiners.

The "code" varies in different communities, but it is such that nothing can be done by the officers to prevent its utilization. For example, a woman will, upon observing

the approach or presence of the federal officers, rush out of a cabin door and begin yelling:

"So-o-o-o-o cow; so-o-o-o cow."

This translated means: "The federal men are here, so hide the still quickly."

The officers declare there is no way to prevent the women from calling the cows home, yet they say it is possible to go for days and not see a cow in the whole mountains.

Landlord Soaked In Washtub Fight

YONKERS, N. Y., Oct. 7.—On July 29 last Nan Patterson, original "Florodora" sextette beauty, who was evicted on a charge of murdering Cesar Young some twenty-odd years ago, was doing her own washing in a small apartment here.

According to the story she told Acting City Judge Charles W. Boote, in court, Francis S. Foley, her landlord, who lives in the same building, wanted to use the washtubs for his family, and in a discussion, which arose he grabbed Miss Patterson, she says, pushed her back over the tub and choked her.

High as it started, Miss Patterson told Judge Boote, and when the argument was over the former "Florodora" girl had command of the washtub and immediate vicinity, while Foley lodged a complaint of assault against his tenant.

STABILIZATION OF WAGES, IS PLAN OF OAKLAND C. C.

Existing Schedules Expire in November; Readjustment Work Begun.

The readjustment of wages in the building trades, crafts due to be made in about a month, Harrison S. Robinson, chairman, announced today that the Industrial Relations Board of the Oakland Chamber of Commerce was preparing to take up this work with a view to securing stabilization. Robinson's announcement is as follows:

"Existing wage schedules in the building trades expire on November 12, 1921. During this month and in November, hearings will be held by an impartial board, sitting in San Francisco, preparatory to the announcement of a new schedule.

"The Industrial Relations Board of the Oakland Chamber of Commerce contemplates presenting to the wage board the following:

"1. The establishment for every building craft of a single wage for all working in that craft is unsound. Its unsoundness is proved by the fact that it has never been enforced in all the crafts, not even by the unions themselves.

"2. There should be:

"A. An apprentice's scale
"B. A learner's or 'improver's' scale
"C. A journeyman's standard scale.

"3. A recognition of the right of a workman to receive and of an employer to pay wages higher than the standard of men of exceptional ability.

"The Board invites comments and suggestions on these proposals from the men working in the building trades in Alameda county. They should be mailed to the board at the Chamber of Commerce, Thirteenth and Alice streets, Oakland, or

Japan to Demand Closed Doors at Arms Conference

SAN FRANCISCO, Oct. 7.—Intimations that Japan is not in favor of public hearings on the disarmament question and wants the matter thrashed out behind closed doors was given out here today by Y. Mura, secretary of the foreign office at Tokyo, who arrived on the steamer Tenyo Maru, en route to the disarmament conference at Washington.

Neither the secretary nor his lieutenants would discuss to any extent Japan's views on the disarmament question. Kawakami, however, gave out quite a lengthy interview, declaring that Japan does not want the Shanghai affair laid on the table at the disarmament conference.

The remainder of the delegation to the conference will arrive here on the Korea Maru.

Students to Attend Fulmer Hines' Burial

STATUTE FOR LAUREATE.

NEWCASTLE, Eng., Oct. 7.—Fishermen of England will be asked to contribute to a fund for a monument to John Harbottle, who died recently, aged 70. He was the author of "The Fishers' Garland," and was known as the "Fishing Poet Laureate."

More than 6,000,000 families have come through nation-wide economic depression and widespread unemployment still owing their homes.

made verbally by E. W. Olin, the representative of the board. These comments and suggestions will be carefully presented to the wage board.

"The Industrial Relations Board is making every effort to see that men are paid the established wage, and it is deeply concerned in the establishment of wage schedules that are sufficiently fair and sensible to form the basis of a successful fight against any violation of them."

TENTH SUFFRAGE ANNIVERSARY TO BE CELEBRATED

Women of Alameda county will celebrate the tenth anniversary of the granting of equal suffrage in California on Monday in Hayward, where an all-day program will be held under the auspices of the committee on food supply and demand of the California Civic League of Women Voters.

The morning's program will begin at 10 o'clock in Native Sons' Hall, Hayward. Speakers will be Russell T. Robinson, farm adviser, Alameda county; Miss Harriet G. Kirby, state leader of home demonstration University of California; Mrs. Robert A. Dean, president, California Federation of Housewives' League; Dr. Adelaide Brown, state leader of the County Farm Bureau; Agricultural Extension Service of the University of California; and Miss Helen M. Turner, president of the California Federation of Mothers of the Clubs are in the city's festivities.

All women are urged to join in the celebration of the tenth anniversary of their suffrage.

ST. MARYS' COLLEGE AND STANFORD TO MEET AT PALO ALTO

BEARS AND UNIVERSITY OF NEVADA WILL ENTERTAIN FOOTBALL FANS AT CALIFORNIA FIELD

MADIGAN'S MEN ARE ALL SET FOR TUSSLE WITH CARDINAL TEAM

St. Mary's Varsity Expects to Give Stanford a Tough Battle for Victory.

By RALPH HOSLER
St. Mary's is all set for Stanford. Final changes made during the earlier part of the week, have worked out better than was expected, according to Coach "Slip" Madigan, and the Saints will give the Cardinals the battle of their lives tomorrow afternoon at Palo Alto when the two eleven tangle on the old Stanford field. For the past two weeks, the dynamic St. Mary's coach has been driving his men to the limit in preparation for the game tomorrow, and while he says he has an even break for the large end of the score, Madigan does not predict victory.

With the shifts made in the lineup, the Cardinals' offense is 20 per cent faster. While "Kewpie" Black, the giant Indian is a great defensive full back, he is too slow to keep pace with Kauhane, Lane or Silva, so Madigan has shifted him to left end, where he can play his usual smashing defensive game to his heart's content and not slow down any of the other members of the team.

Lane, now playing at left, is like a flash of lightning. He is a great runner and he will make a great running mate for his fellow centerman, Noble Kauhane, the little Hawaiian right half. Lane played a great game at left end against St. Mary's, making life miserable for the Cardinals' secondary defense, especially Morrison.

Houston Stockton Will Play Tomorrow.

Houston Stockton, the husky full back, not only can plunge the line, but he is a wizard in a broken field. Stockton plays a better game than most of Andy Smith's Bruins back field men, only there isn't so much of him. Had he been in the game to lead the Bruins, the game might have been different. Tomorrow against Stanford, the weight of the big full back and his inside knowledge of the game will be a mountain of strength for the Saints. And Stockton can toe the ball forty-five to fifty-five yards on every punt.

"Tiny" Lawrence, the seven-foot back, has been named by Hangerford. "Tiny" fights all of the time but he lacks knowledge of the game and the other tackle. Stanley will play the other tackle.

As to the selection of a back field, Madigan has chosen the following: For full back, he has Stockton, and for right

Van Gent Is All Ready to Fight Saints

Both Cardinal and Saints' Coach Select Lineups to Start Big Game.

STANFORD UNIVERSITY, Oct. 7.—Coach Gene Van Gent realizes that the Cardinals' squad is up against a tough proposition when they tackle the St. Mary's eleven here tomorrow. He said today that his team will have to show better in the contest with the Oakland team than they did with the Marines last Saturday, or it will come out on the wrong end of the score. In order to start the Cardinals' eleven, the coach has been doing considerable experimenting with the line, and it is certain that there will be several shifts when the team starts tomorrow.

The backfield looks good to the coach, and he is not likely to make any changes there. He is satisfied that he has the strongest backfield combination in the West. Woodward at quarterback, Bob Shlaude and Art Wilcox at halfback, and Captain Jack Patrick at fullback. There are some Cardinal supporters who believe the coach could do well to shift Shlaude back to his old place at quarter and start Doughty at halfback. The Bears youth played a wonderful game last Saturday and will likely get his chance to show again some time during tomorrow's contest.

The varsity scrimmage line-up shows that there will be several new faces in the line tomorrow. Fred Place of Dick Fullerton, Ludeke has been in training for center, but "Dough" De Groot seems to have a firm hold on that place, so the big fellow has been shifted to the position he held on the freshman team last season.

PORABLE CHANGES.
Joe Douglass will probably be switched from tackle to the other guard position in place of Bob Stice. Stice is handicapped with a tendency to be slow in getting into action. Last Saturday, who started at end and right tackle, the position he played all last season.

Pershing seems better qualified for the tackle job. If this shift is made, "Kewpie" Sprull will replace him at end. On the right end, if the coach sees fit to keep Pershing at end, Charley Jelsner, another veteran, will hold the tackle station. The other end job will likely go to "Shorty" Mertz, who has been playing one of the best games of the season. The Stanford freshmen play football tomorrow, meeting the Berkeley high school team in the morning and the California High school squad in the afternoon. Coach Dury says he will use two separate lineups for the contest. The numbers of the Cardinals men were announced today. They are as follows: Dick: 2, Wilcox: 3, Shlaude: 4, De Groot: 5, Dettis: 6, Pershing: 7, Heler: 8, Woodward: 9, Stice: 10, Carter: 11, Doughty: 12, Heler: 13, Ludeke: 14, Mertz: 15, Sprull: 16, Douglass: 17, Larson: 18, Cleveland: 19, Phelps: 20, Campbell: 21, Farish: 22, Loomis: 23, Hartman: 24, Schlessinger: 25, Fullerton: 26, Dickson: 27, Reed: 28, Flood: 29, Taylor: 30, Benninger.

Tribune Winter League Gossip

Two changes had to be made in the playing times of games in the Oakland Tribune Midwinter League for next Sunday. The game scheduled between the Del Monte Packers No. 6 and the Oakland Seals at the Bayview diamond for 1:30, has been changed to Bushrod playground diamond No. 2 at 11:30 a. m. The other change was made in the class B division. The R. V. Butte Hardware and Thrasher Park Stars game will be played at Thrasher Park in San Pedro at 10:30 a. m. instead of 2:30 p. m. The playground must be used by the small children in the afternoon.

Edward Perz, manager of the Twenty-third Avenue Merchants basketball club in the class B division, announces a dance to be given tomorrow night at U. P. C. hall, East Street, between 10 and 11 o'clock. It will be part of the celebration the Avenue Merchants have arranged for the opening of the season. A real jazz orchestra will be provided.

Winter League Of Stars Will Open Tomorrow

The California Midwinter League, composed of the Fresno, San Diego, Vernon and Los Angeles clubs, will open its season at Recreation park in San Francisco and Washington park in Los Angeles, tomorrow afternoon. Stars of the major and minor leagues will be the attraction for the fans. The season will run ten weeks, and the two leading clubs will play each other in a double series for a purse of three thousand dollars.

Georgie Marks Is Off For the Sunny South

Georgie Marks, the bantamweight, left for Los Angeles last night, but will return if Simpson can get Dynamite Murphy to box him. Georgie played a good game for the peerless event Wednesday night and the customers are blaming Jimmy Britt for trying to change Dunning's style.

Artie Wehl hurried excellently for his glancing blow on three hits, but he was wild, hitting many passes.

St. Mary's vs. Stanford

St. Mary's and Stanford will lineup as follows in the game tomorrow afternoon at Palo Alto, the coaches announced unless last minute changes might be made. The players' numbers are also included:

ST. MARYS	STANFORD
Murdoch 1	L.E.R. Sprull 15 or Pershing 7
Stanley 4	L.G.R. Douglas 6
Feiler 5	C. De Groot 4

Her Crime Wave By Don Herold

BEARS ARE EXPECTING OODLES OF TROUBLE FROM THE SAGEHENS

Nevada Boys Are No Longer Considered Easy Pickings They Were a Few Years Ago.

By DOUG MONTELL
California goes into her first real intercollegiate contest tomorrow when the Bears clash with the University of Nevada on California Field. St. Mary's marked the opening of the collegiate season for the Bruins, but inasmuch as it was the first game of the season it was reckoned more as a practice game than a serious contest. It was not long ago that Nevada was looked upon as excellent competition for the California freshmen and if they held the Bears to a score under 35 points they considered that they had done a full day's work. Times changed with the coming of "Rabbit" Bradshaw and with an aggressive line the Sagehens promise to have considerable punch when they hit Andy Smith's aggregation. Remarks in the vicinity of Reno would indicate that the Nevadans have great confidence in their ability to handle the Bruins.

A large part of this is due to the fact that they were the first team to score on Smith's boys last season, and with an improved team this season, Coach Courtwright's men think that they have a chance to make a record. The Sagehens have a line that has been improved from their native village, that they are coming down tomorrow to score on California. Not once but several times over the last season, they have caused Andy to have a hearty laugh in advance of the fracas. They are now in a position to position too seriously in the football world since they have been elevated to the level of California's first team. The other collegiate teams, with whom they now compete on equal terms, this should be for Nevada has not improved to such a great extent that she can afford to make rash statements of this sort.

Nevada's Chance to Score Not As Good As Olympics.

The Sagehens have a good chance of scoring on California tomorrow, but no better—no, not even as good as the Bruins have a chance at developments showed. Done allowed the Olympics a chance to score by means of the field goal, but when California allowed Nevada to get away for a long run, they handed the "Winged G" a chance to score that had not appeared on cards. Nevada's only chance to score will come about through some misplaying of California. It is rather than by a superior brand of football that Nevada may be able to produce. In the past, the Bruins are worrying Andy Smith but little, for he has a team that has been drilled in defensive football that is calculated to withstand any sort of an attack from line bucking to Bradshaw.

Bradshaw Is Dangerous; Will Be Marked by Bears.

Speaking of one man teams, Nevada has it. Bradshaw is a wonderful player, a flash in the open, quick thinker, shifty of foot and tricky. For Bradshaw, California has great respect and he will be carefully guarded against tomorrow. A marked man as he is, he will be followed by the Bruins all the time of the game. He has the ability to play any kind of football at any stage of the game. He is a real star. The Bruins will mark him as they would a fast runner. The truth is that the opposition has no chance to mark "Brick" for by so doing they leave themselves open to an attack from another quarter equally dangerous. There is, however, a possibility that is not remote, that Bradshaw may figure in the score column by means of the field goal. He is a real star. The Bruins will mark him as they would a fast runner. 'PINK' ARMY OF
SIBERIA MENACE

SAN FRANCISCO, Oct. 7.—Siberia is being terrorized by a new menace known as the "Nineteen Gang," according to Dr. G. R. Hurlbutt, who arrived today on the Tenyo Maru, accompanied by his wife. The "Nineteen Gang" has stolen some of the thunder of the American Ku Klux Klan. They commit their depredations by riding over the country masked with white cloth over their heads.

Another name given this gang is that of the "Pinks," Dr. Hurlbutt said. He added:

"Russia now has a white army, a red army and a pink army. The pinks, if anything are more danger-

Council's Resolution on
Discounting Is Rewritten

The city council resolution recently adopted, providing a method for discounting claims against the city by insuring prompt payment, was rewritten today after several hundred copies had gone forth from the mimeograph.

ous, lawless and ruthless than the pinks. They are in control of Vladivostok and hundreds of miles in the interior. They have seized all of the vessels at the Siberian seaport, flying the old Russian flag, and put their own emblem at the masthead."

Dr. Hurlbutt, who comes from Mobile, Ala., rescued Lydia Vassurof and married her.

The rewriting was made necessary by a clause whose wording got mixed. It was admitted that this clause would have made the resolution ambiguous, to say the least. It read:

"Resolved, That all savings made by reason of taking advantage of said discount shall be credited to the general fund and shall not be credited to the general fund."

"That looks like a joker," remarked City Clerk Sturgis, when he saw it.

The resolution in reality reads that all savings shall be credited to the general fund inasmuch as to the department appropriation affected by the discount.

BUILDERS TO GET
TIME EXTENSIONS
ON NEW SCHOOLS

Strikes and Delay in Delivery of Materials Offered As Plea by Contractors.

As a result of a round-up of contractors who have not completed their school buildings on time, the Board of Education has granted extensions of time to all of them, with the proviso that there will be no further extensions.

As the time limit of most of the contracts has expired, the district attorney, otherwise, it was admitted, the contracts are "up in the air," as their life is ended.

Eight contractors appeared before the board last night. In each instance Director Fred Campbell moved that the desired extensions of time be given. The contractors, with their jobs, were:

D. W. Parks, Stonehurst.
E. E. Elbertson, Fremont gymnasium.
Z. B. Knott, Dewey.
M. E. Hooper, Luzzar gymnasium.
Fred Warden, Melrose Heights and Fremont shops.
G. P. W. Jensen, Hawthorne.
M. C. Vaughn, Highland and Webster.

Barrett & Hill, Webster, who originally started the probe by complaining of delays on the Stonehurst school, acted as instigator and quizzed various contractors. Contractor Parks excused his delay because of recent labor conditions, and also said he could not start his job on time because portables were not moved out of the way.

"We tried to avoid interrupting classroom work," said Business Manager Lloyd Barzee.

In explaining the reasons for various delays, Construction Engineer Marston Campbell cited that in some instances he had made contractors do their work over again. In the case of Parks, he said, there have been "disagreeable delays," causing him to send out notices to the contractor.

"We have done everything in our power to speed the work," said Campbell.

"Perhaps someone ought to jazz up the construction department," said Bell.

"The department is doing all in its power," said Campbell.

Each contractor spoke in his defense, and all said about the same thing concerning labor delays and delays in receiving materials. It was agreed that every construction job will be rushed to the limit hereafter.

WOMAN 'PINCHED';
RECOVERS COIN;
HUSBAND HURT

SAN FRANCISCO, Oct. 7.—Mrs. Hazel Sindoni, arrested for failing to pay a taxicab bill, was the center of a comedy of errors in Police Judge Sylvano Lazary's court today from which she was extricated with the aid of Mrs. Ragan, probation officer. Mrs. Sindoni had taken a taxi from the beach to her home and didn't have the \$6 demanded by the driver, John Turan. In court Mrs. Ragan recognized her as the prosecutrix of a girl who had stolen her money and had repaid it at the behest of the court. The money was still in the probation officer's hands and amounted to \$20, considerably more than enough to square accounts with Turan.

"Well, this is a queer situation," said Mrs. Sindoni. "When the policeman came to arrest me, my husband thought he was after him and he ran out of the house and jumped over the fence and broke his leg. Isn't the world funny?"

Sleepy Prisoner Is
Held As Deserter

BERKELEY, Oct. 7.—Russell Thomas Finn, was arrested from a slumber in a discarded piano box on Hearst hall veranda early this morning and taken to police headquarters by Special Officer Walter Lee. He is being held for the naval authorities. Finn is said to have been missing five days from the Goat Island naval station.

The sleepy prisoner declared that he had occupied the packing box headquarters for the past two nights because he had no other accommodations.

U. S. Asked to Act
On Reparations, Debts

PARIS, Oct. 7.—(By Associated Press.)—The United States is called upon to join with the allied powers in plan to solve all problems growing out of reparations and payment of the allied debts in a resolution adopted unanimously by the Council of the International Chamber of Commerce which met here today. The resolution was recommended by the special finance committee appointed last June at the annual congress of the International chamber in London.

Benefit for Deaf
Mutes to Be Given

To aid the Catholic deaf mute children of St. Joseph's Home, many Eastbay charitable folk will cross the bay tonight to attend the benefit party which will take place in St. Ignatius hall, Hayes and Schrader streets, San Francisco. Through the efforts of Father McGowan of St. Ignatius College and others, the affair promises to be a success socially as well as financially.

BOYS IN JAIL.
Clarence Rieckelberger, 18 years, and Jack Meldowney, age 17, both charged with committing a statutory offense against a 15-year-old girl, were turned over to the sheriff and taken to the county jail. The boys were arrested by Police Inspector William Kyle. They are alleged to have attacked the girl in Bay View Park, the evening of September 4. They are both on probation.

The average English woman is two inches taller than the average American woman.

BOY'S PLEDGE TO
ATTEND SCHOOL
SAVES HIM FINE

William C. Faulkner, 16 years old, talked himself out of a fine for speeding this morning when he appeared before Police Judge Ralph Richmond.

"Then asked how fast he was going he told the judge that he was traveling about twenty-six miles an hour."

"Do you want me to send you to jail?" asked the judge.

"If you do, your honor, I will not be able to go to school," he replied.

"Why, you have vacation this week," said the judge.

"But, judge, I mean Sunday school," said the boy.

The case was continued until October 13 by Judge Richmond. The boy was instructed to go to Sunday school by the judge, who also hinted that he might dismiss the case if he did.

MUSEUM NIGHT
TO BE OBSERVED

The Sons and Daughters of Washington will hold a Museum Night at the Oakland Public Museum tonight, and will give a musical and literary program. The outstanding feature of the program will be a study of the relics in the Colonial room, which, it is pointed out, are especially significant in connection with the Americanization aims of the organization. Miss S. W. Mott, curator of the museum, will conduct the party through the building. Admission is free and the public is invited.

Monday evening will be free art night under the auspices of the Sons and Daughters of Washington. The meeting will be in the lecture hall of the museum. It is announced.

ACORNS FROM
JACK LONDON
TREE TO GROW

Acorns from the Jack London tree at the city hall plaza will be given when ripe to Mrs. Jack London for the planting of other trees by the friends and admirers of Jack London, according to Mayor Davis.

"As time goes on," says the mayor, "the name of Jack London seems to grow, and I have no doubt that those who revere his memory will want to plant these acorns from the tree which he planted."

The mayor says that since the shrubbery has been cleared from the base of the London oak it has grown a foot.

that the various art classes in charge of Professor A. H. Aran are free to the public.

REFUGEES TELL
OF TURK CRUELTY

SAN FRANCISCO, Oct. 7.—Twenty-six Assyrians, refugees from Urmiyah, arrived today on the Tenyo Maru, relating harrowing experiences endured from the Turks for several years. Among them was Shushan Yonan, 5-year-old girl, who was picked up three years ago after she had been bayoneted in the back. The refugees, headed by Dr. E. Sergis, an American citizen, will find homes in the bay cities, where they have friends and relatives. With the exception of the family of Dr. Sergis, every member of the party lost relatives, friends and all their property when the sword of the Turk was visited. Out of a company of 45,000 people in the district in which the refugees lived, less than 9000 remained.
